Glorify the Lord with Exultation

With Trumpets and the Sound of the Horn...

Since America's tradition lies in that of a hopeful and pioneering spirit, then, truly, it can be said that it is the home of the courageous who face each new day with the spirit of a musical heart.

From the shores of the Atlantic through the valleys and plains of the Middle West to the snow capped Rocky Mountains—all over America—music has inspired, has entertained, has encouraged people in every walk of life. Victory and defeat in war time, disaster and accomplishment in peace, sorrow and hope in man's daily life have been recorded and set to music to be forever remembered.

This cherished tradition of music passed on to us from past generations is carried on here at Holy Trinity in expressing some of the beauty n God's creation. It is our way of acknowledging and proclaiming our belief and trust in the greatness of our Creator and the good of man because of what God has given him.

We like to think that our entire educational program is one great concert—the participants being all the students who are preparing for those careers which will be the greatest credit to God and society; the directors being those teachers who devote their lives so that this generation of youth will find their place in life and can contribute their part in the universal concert of human endeavor and aspirations of making this world a better place in which to live.

We believe that a man is educated when he can look into the midst of the world and see light in spite of the darkness, harbor hope instead of despair; when he knows how to live and is not afraid to die; determined to fight evil with goodness, hatred with love, and to carry out this mission with a prayer and song in his heart.

In the words of the Psalmist, we find exemplified our conviction that all our efforts in life must be aimed to harmonize in that great symphony of praise rising up from all the corners of the earth—in a song of praise to continue throughout eternity. "Glorify the Lord with exultation, all lands, be glad and rejoice and make melody. Make melody to the Lord with the lyre, with the lyre and the sound of the harp, with trumpets and the sound of the horn; exult in the sight of the king, the Lord."

Dedication

In depicting the story of Holy Trinity as portrayed in our concert of harmonious living and working together toward an established goal in life, we find that a tribute to the Director of our Band and Glee Club most fitting. We, therefore, dedicate this yearbook to *Brother Leonard, C.S.C.,* who has contributed so much toward the advancement and recognition of our music department throughout the past six years. His devotion and interest in our school was apparent from the very beginning when he introduced the military system into the band organization and reorganized the glee club. With the combined efforts of both these units, he has produced an excellent musical and concert each year.

Brother Leonard's enthusiastic spirit for our school was fully expressed when he wrote and composed our "Alma Mater." His constant desire for further advancement was aptly displayed once again when he organized a swing band last fall. Because of his leadership and untiring efforts, we have witnessed the proficiency and the many outstanding achievements of our Band and Glee Club.

And to the entire music department, we want you to share in this tribute just as you have shared in bringing the richness of music into our school.

The School

The spirit of Holy Trinity has been captured in the martial music and the rhythmic step of its attractively uniformed musicians. Students rise in stadiums and assembly halls in this stadia of our country at the sound of a marching band. It carries the name of its school with it wherever it goes and brings back popular recognition and acclaim. The unity symbolized is that unity of faculty, students, and parents working together for a better school, and consequently, a better society.

The Administration . . .

guide to consummate performance

The Principal—

BROTHER JOSEPH WALTER, C.S.C.

The chief concern of our Principal is the direction of faculty and students in the betterment of our school in all its aspects—morally, intellectually, and socially.

He is the guide in leading those students pursuing an education and training here at Holy Trinity. Along with the initiative of his faculty, Brother Joseph Walter's devoted service to the students is a great contributing factor in improving their perspective of the world.

His hope is that the lives of the graduates, after leaving our portals, will be a consonant blending with the Christian ideals placed before them to follow during their four years in our school.

The Assistant Principal—

BROTHER CHARLES RYMAROWICZ, C.S.C.

The task of systematic management of the administrative affairs is shared by Brother Charles who diligently carries out his work, also, as Prefect of Discipline and teacher of Chemistry.

Inestimable Support to the School

REV. STANISLAUS LISEWSKI, C.S.C.

Pastor of Holy Trinity Parish

Father Lisewski is deeply aware of the significance of a Catholic education in preparing young leaders to take their places in the world. On many occasions during the past and previous years—opening of school, Father and Son Banquet, graduation—he has emphasized the necessity of an accompanied growth in spirituality along with the intellectual development.

REV. GEORGE SZYMANOWSKI, C.S.C.

Spiritual Director to the Students and Director of School Maintenance

Father George conducted the First Friday devotions held at Holy Trinity Church throughout the past year. In his task of hearing confession and giving advice, he has contributed greatly in the spiritual development of the student body.

REV. FRANK NOWAKOWSKI, C.S.C.

Chaplain to the Brothers

The Brothers are grateful to Father Frank for his untiring service and interest during the past year.

"If we work upon marble, it will perish.
If we work upon brass, time will efface it.
If we rear temples, they will crumble to dust.
But if we work upon men's immortal minds
. . . We engrave on those tables something which no time can efface,
And which will brighten and brighten to all eternity."

OPPOSITE PAGE:

top: In the study of Shakespearean drama, Jerome Gralla, Ricardo Ciepiela and Ronald Bies take a close look at the model of the Shakespearean stage in English IV class.

center: To increase skill in the art of communication with others, an intensive study of vocabulary is carried on in English I class. (Charles Winters, Melvin Lisiecki, Donald Peltz, and Walter Welninski.)

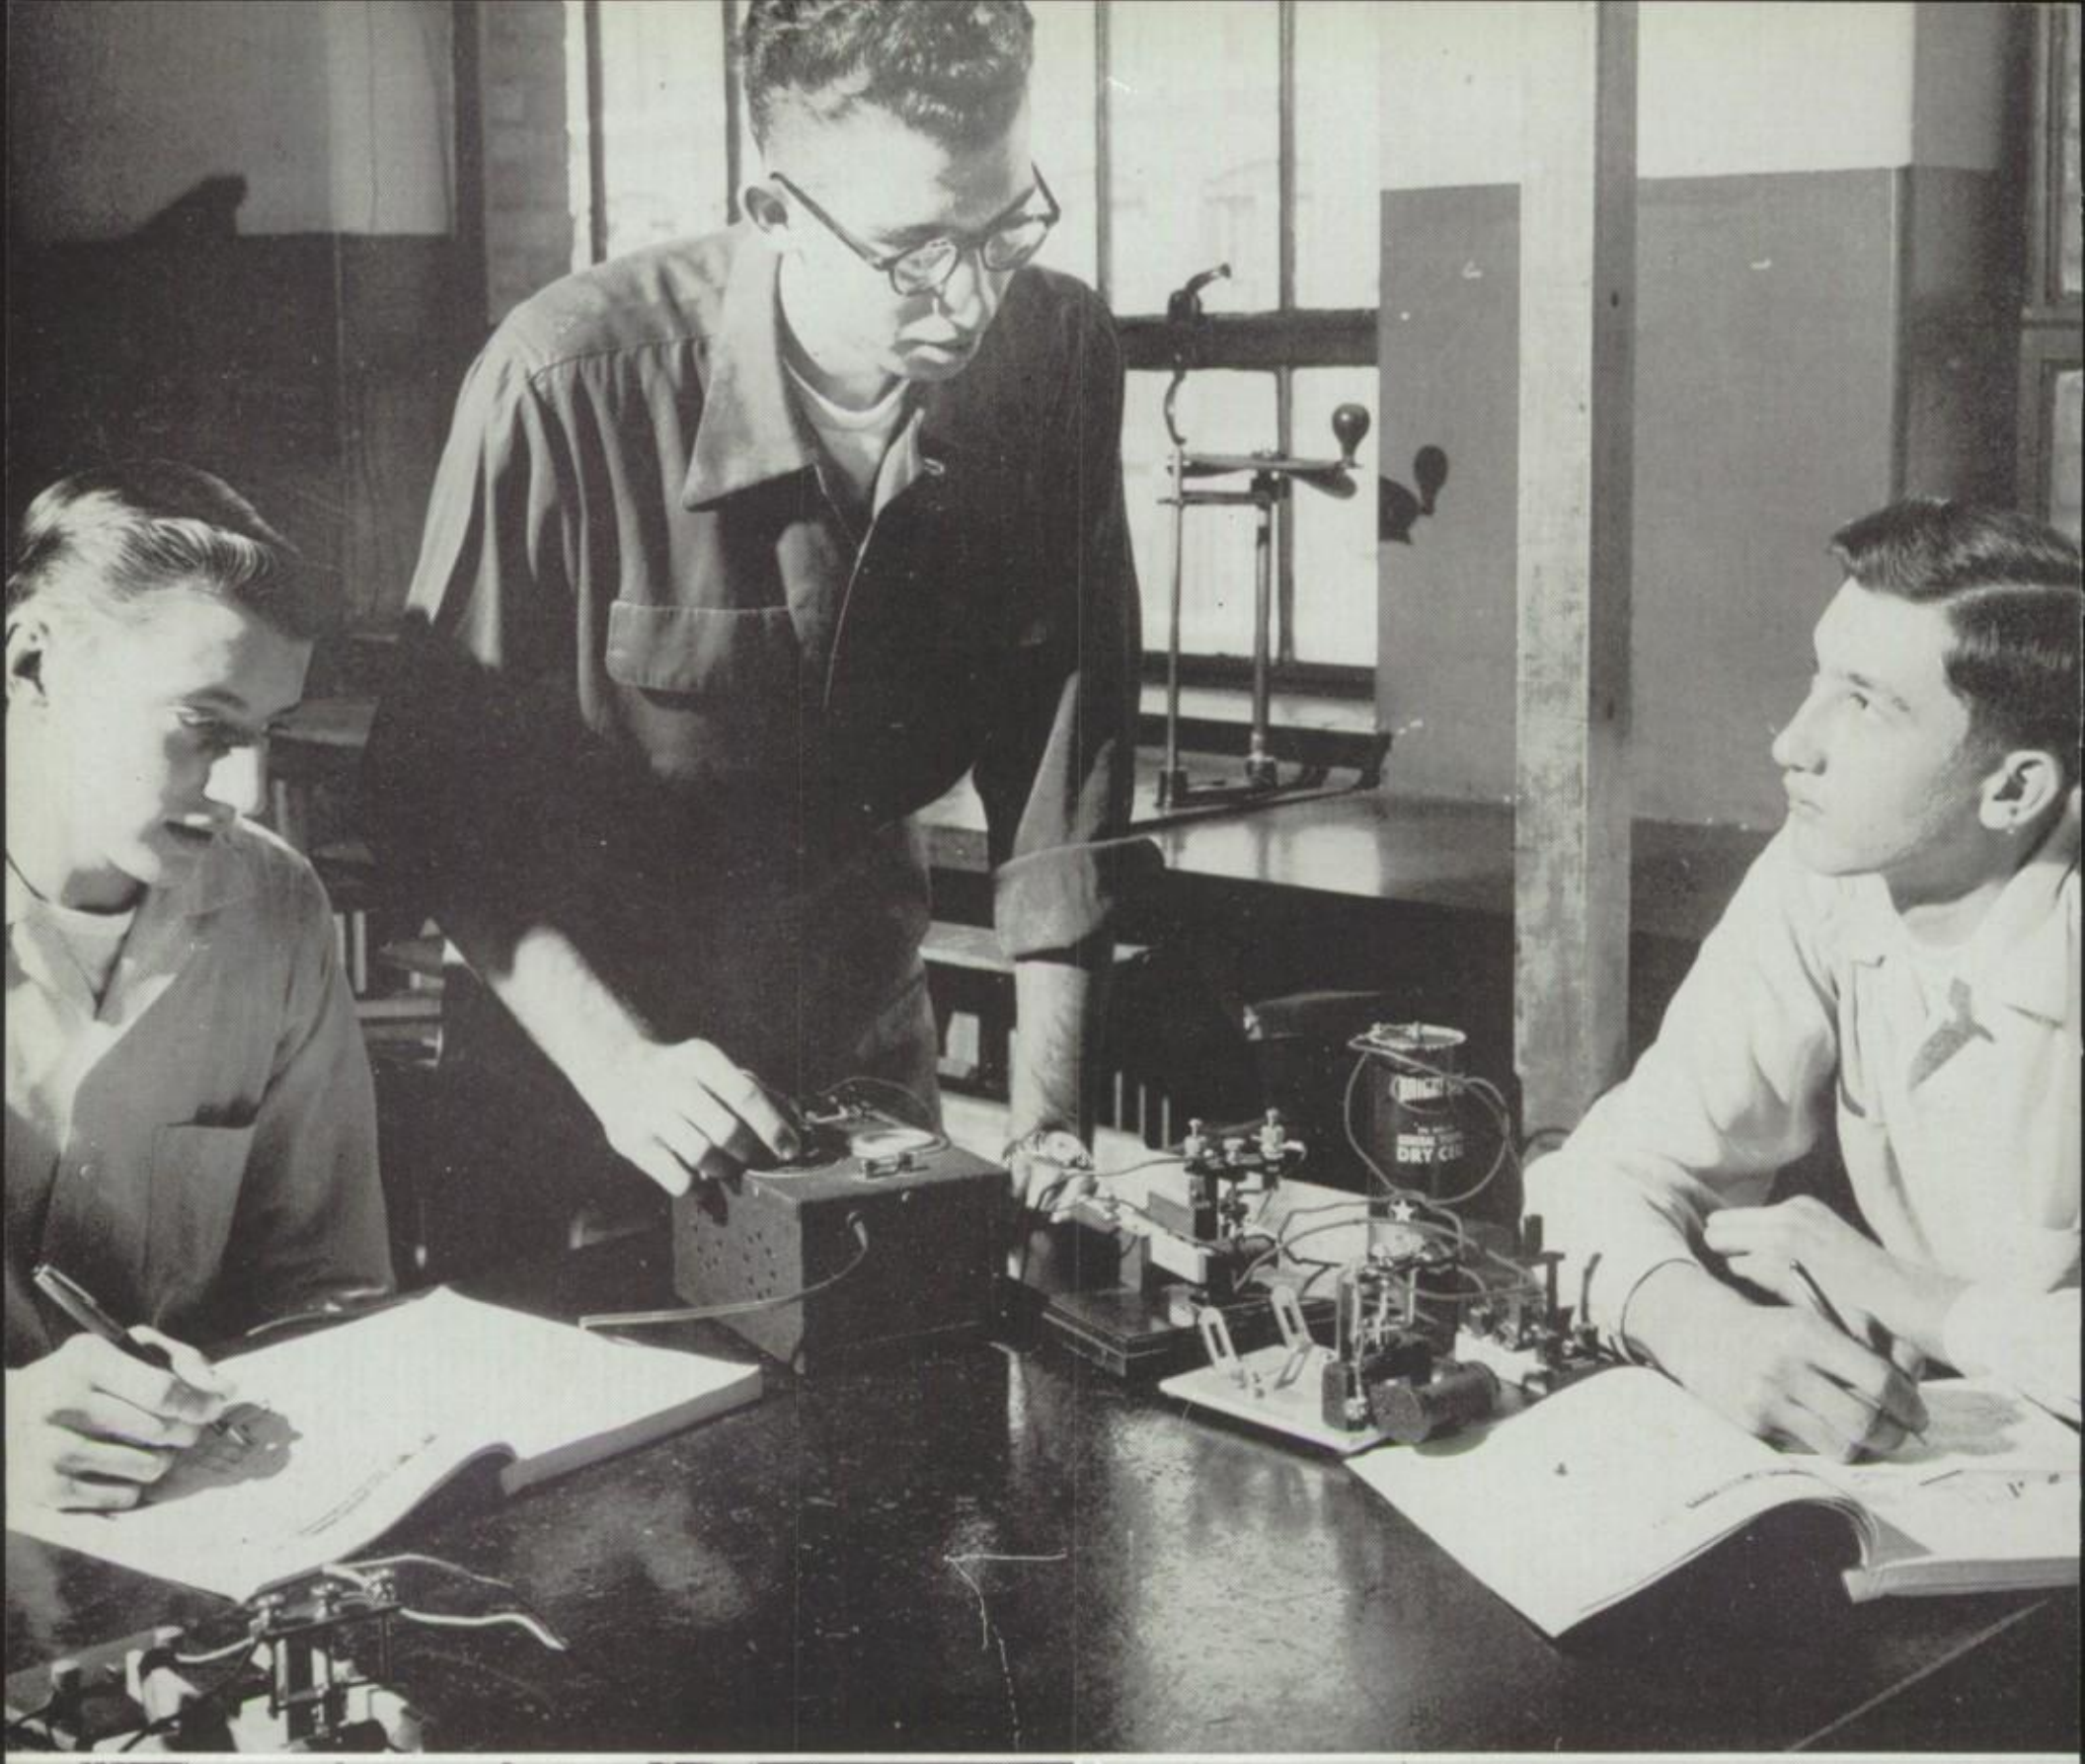
bottom: Faith and reason never contradict each other; faith teaches us those truths which human reason cannot comprehend. Anthony Majewski and Ronald Kristin point out this fundamental truth in their Religion IV class.

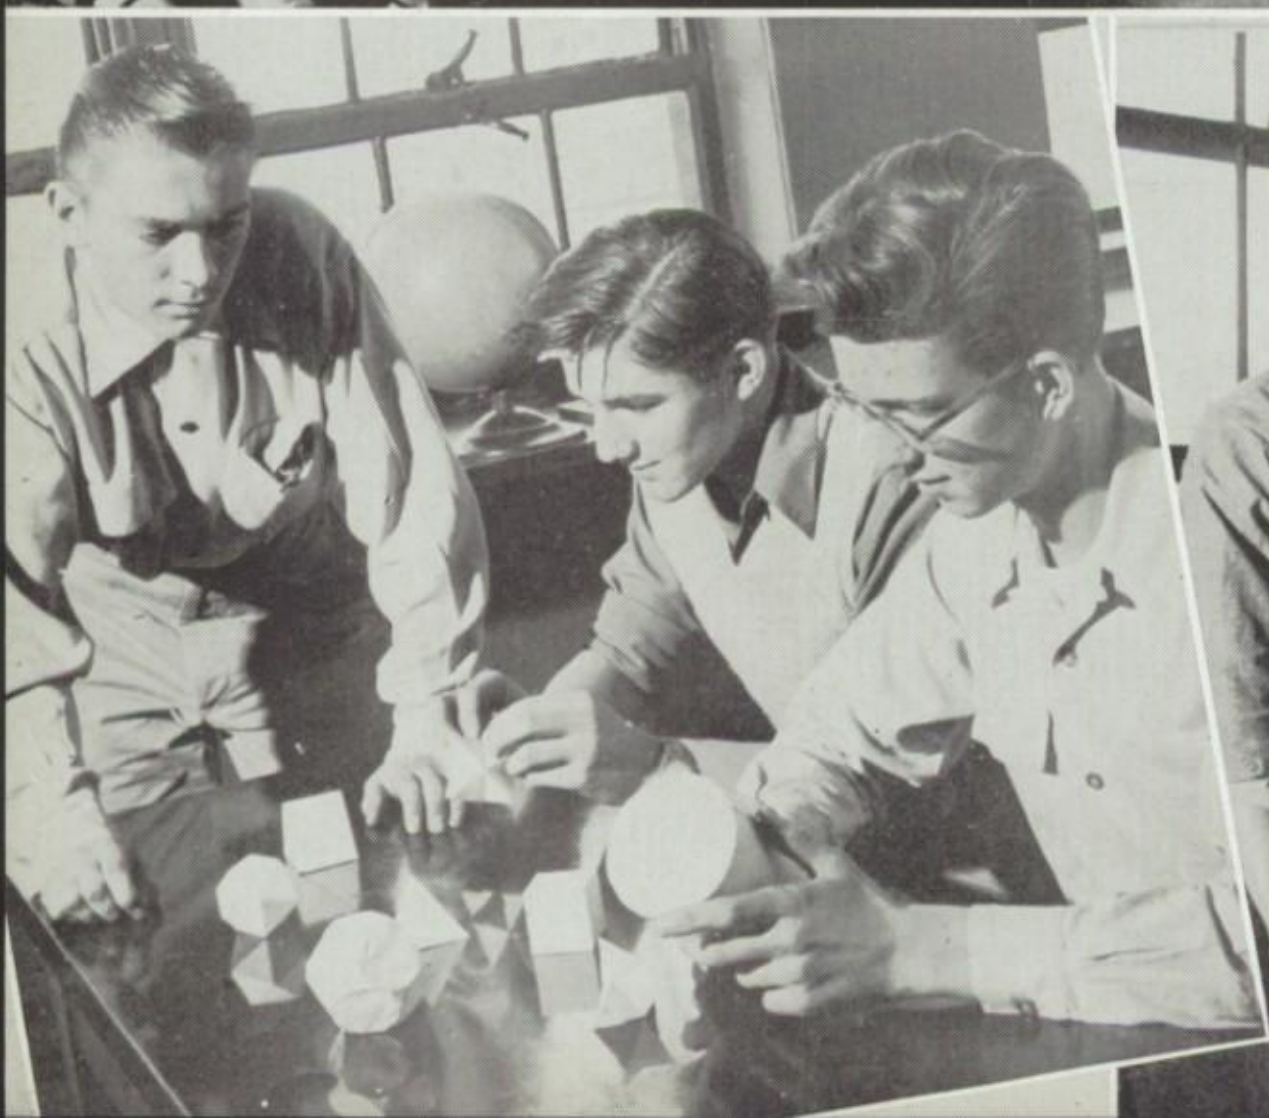
ABOVE:

top center: Before a student can fully carry out those principles which bring about peaceful relationships with his fellow man, he must first have a clear insight into his relationship with God. In Religion I Andrew Zurczak, John Gorz, George Idzikowski, Felix Nylec, and Brother Leo carry out this essential in an act of prayer.

top right: Brother Clarence looks on as Richard Kleczynski reads a passage from his literature book while Walter Wojcik, David Baloun, and Michael Borysow ponder the implications set forth.

bottom: Brother Nevin asks Thomas Rog to explain the natural right of private property to the other students in Religion III.





Science, Math, and Mechanical Drawing...

a search into the world of new ideas and discovery

top left: All scientists and architects must start with the fundamentals, as do all students pursuing scientific courses here at Holy Trinity. R. Pilsner, W. Olsowski, and C. Lysien, carry on an experiment in Physics to determine the factors upon which the speed and the direction of rotation of a motor depend.

bottom left: These fundamentals are given to the students through actual experience. In Solid Geometry, N. Gruczelak, S. Czarnecki, and T. Pacer construct solid geometric figures in order to visualize objects in three dimensional space.

bottom center: In Brother Charles' Chemistry class, Michael Pinkowski, Robert Niewierowski, and Joseph Tomasziewicz set up their electrolysis of water experiment.

top right: Gene Pokuta and Gene Olszowka examine their work in Mechanical Drawing to determine their proficiency as draftsmen or achitects.

right center: The groundwork in math is given in such courses as Algebra where the student is introduced to some of the computations of higher mathematical problems. Robert Richards and Arthur Verrier work intensively at one of these problems.

bottom right: One of the many experiments in Physical Science is being carried out by Jerome Gralla, Edward Drnek, and Frank Kopczyk as they apply Archimede's principle to floating bodies.

top left: Further readings to supplement class-room material is being acquired here by Jerome Ricards, Ronald Rapacz, and Bart Malinski

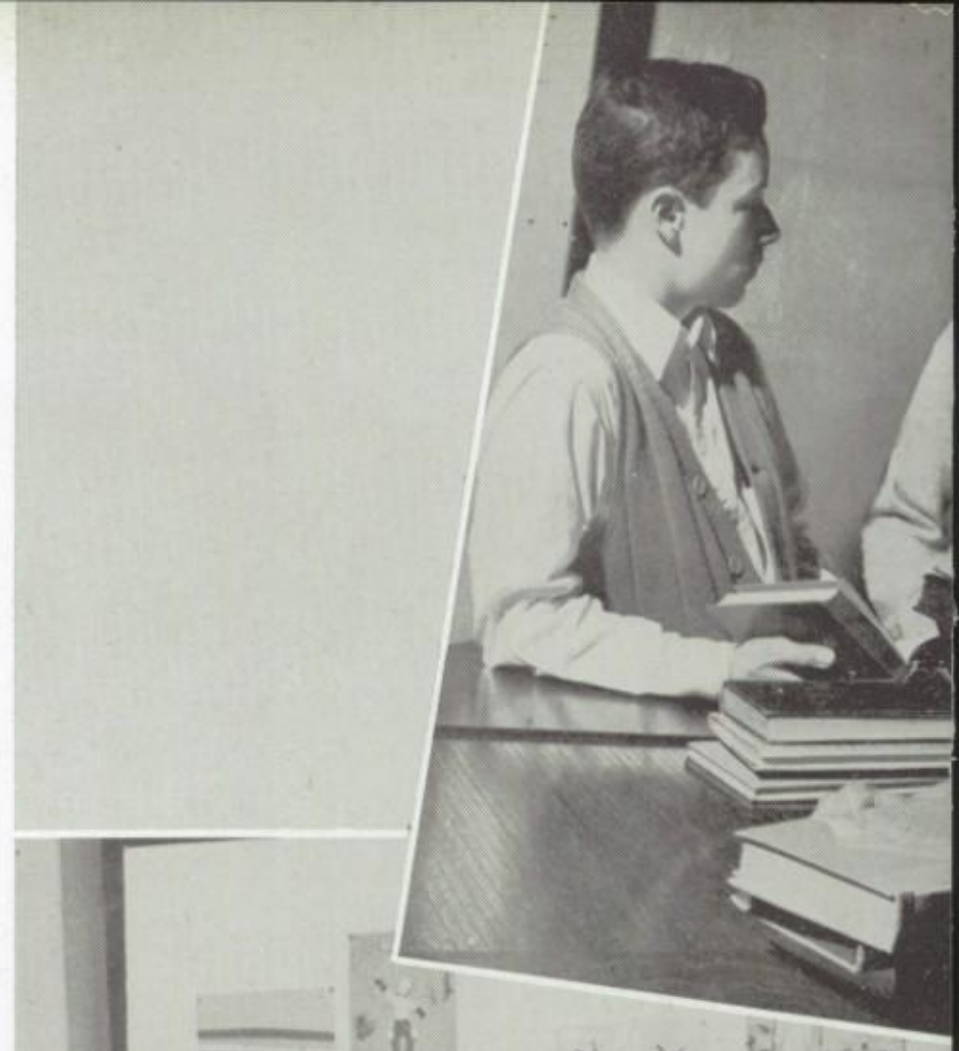
top right: A thorough understanding of the Library is an essential of education. The card catalog to guide students to the various works written and contained in the library is the source of directing D. Sniegowski, K. Kroll, W. Wheeler, J. Gorz, and J. Wojcik to their respective books.

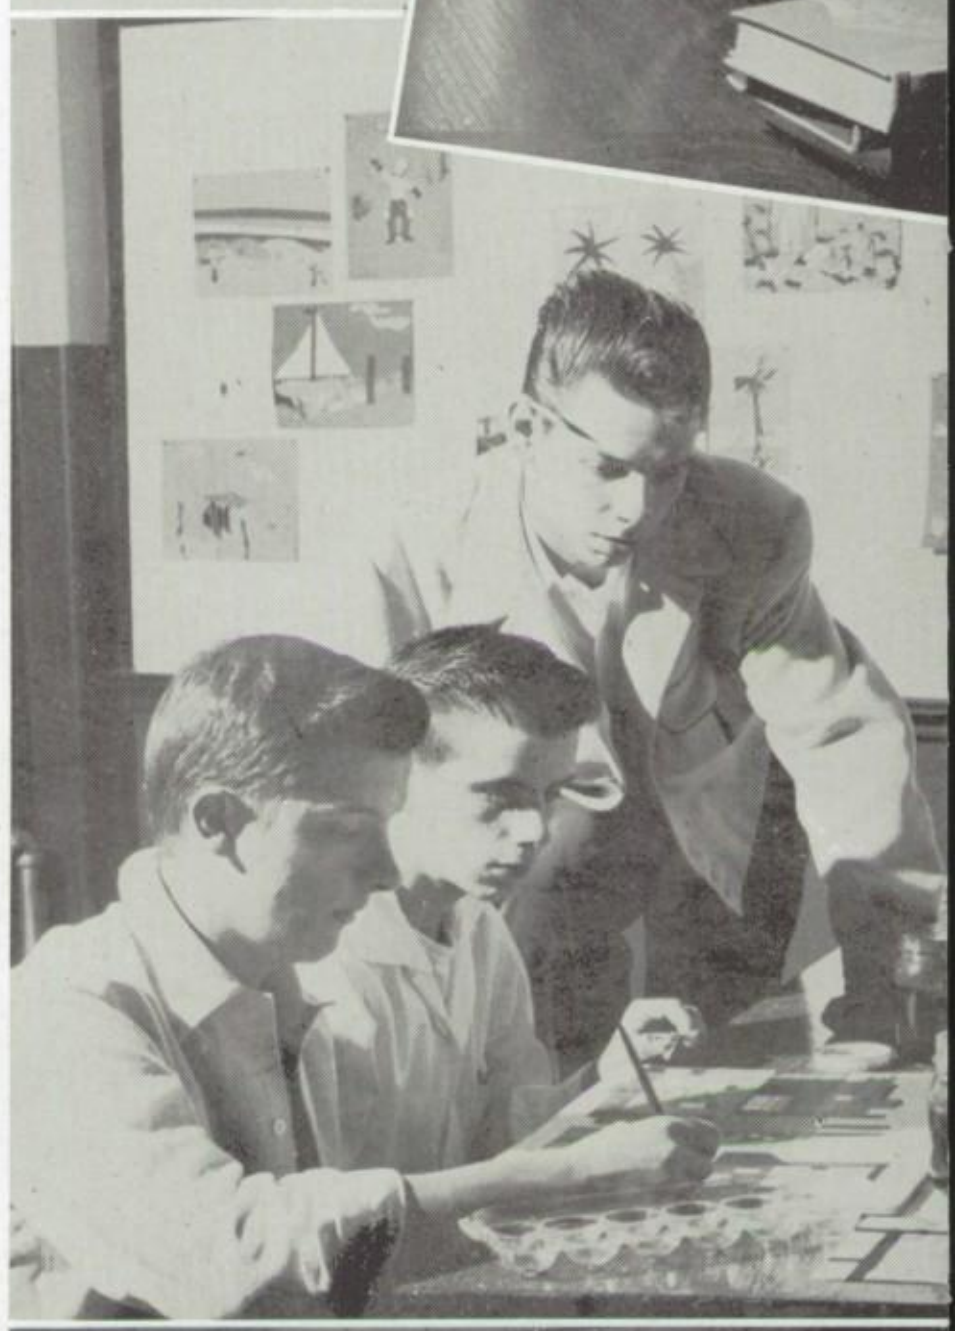
center: A cultivation of self-activity shows up here in the Art class as R. Kreczmer, J. Rangel, R. Ciepiela, J. Zawisza, T. Budzik, and T. Baker solve problems in two dimensional balance.

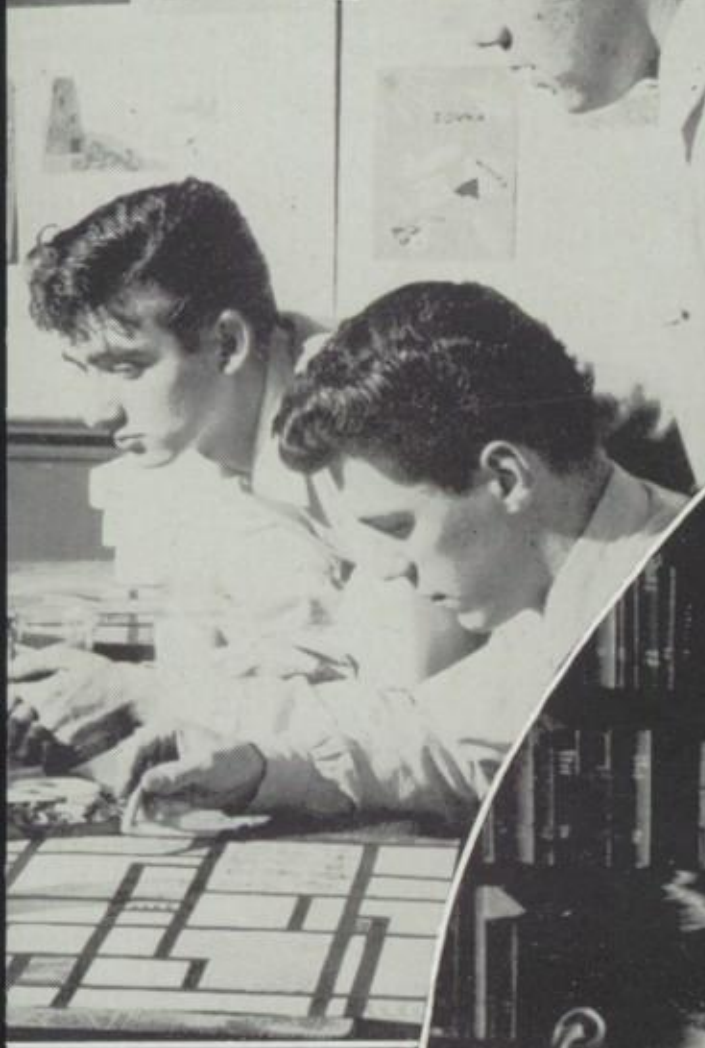
bottom left: In Gym class calisthenics is used as one of the means to supplement the developing minds with better developed bodies. (1st row, left to right: L. Szfraniec, T. Kocanda, R. Fucik; 2nd row, left to right: M. Boroysow, G. Gotowka, Z. Kiernicki).

bottom right: Students perusing the excellent collection of books in the library for research and entertainment is a typical daily scene. Ronald Szostek, Ted Kowalik, and Gerald Jankowski are busy fulfilling outside reading requirements for their classes.

Education is life—life at its earthly summit. The activities bring into use all of man's faculties, both body and soul. Its aim is to elevate man to the plane for which he is destined. True education, based on the eternal truths of God, will restore man's dignity—that dignity upon which all human endeavors and accomplishments must be patterned. It is with this spirit and purpose in mind that all classes are carried on.







Students

The training of an efficient band unit is similar to the training of all students in the various scholastic fields. This training affects the bearing, self-control, and self-confidence of each member in a very positive way. The established ideals, likewise, are basically the same as those educational objectives set down for the complete development of the student: the acquiring of knowledge and skills, aesthetic experience, emotional development, imaginative exercise, and the understanding of social values.

Fall of 1951 — Norbert Radek and Albert Krupa sharing the hilarity at the Freshman class party held in the gym.

Senior Class

Four Years in Preparation

1951-1952

Looking back to September, 1951, we see ourselves as typical freshmen, adjusting ourselves to this new phase in our lives and never imagining how much the remaining years had in store for us.

The class officers were elected toward the end of the first semester. The President was Francis Galovich; Vice-president, James Witecha; Secretary, Albert Opiela; Treasurer, Herbert Lopatka.

Our football team showed new fight and spirit under the fine coaching of Steve Juzwik and Mr. McAlpin. The team even set a new scoring record. Mr. Brandt retired from his duties as head basketball coach after twenty-five years of service.

Brother Reginald completed his six years as principal.

Dance socials were organized and the yearbook acquired the "new look." . . .

1952-1953

We returned to school the following September as Sophomores, brimming over with more enthusiasm and vitality since we were now accustomed to life at Trinity.

The class officers were: President, Richard Ciechanowski; Vice-president, Francis Galovich; Secretary, Albert Opiela; Treasurer, Joseph Gliwa; Sgt.-at-Arms, Charles Medrick.

Brother Joseph Walter became principal; Brother Just, the assistant principal.

The football team possessed new zest and confidence under the skilled tutelage of Coach Steve Juzwik and Mr. McAlpin. Coach Frank Rohter succeeded Mr. Brandt as head basketball coach.

Science clubs were organized . . .

1953-1954

Finally, we have attained the distinction of being upper-classmen, tempering our vitality with a new dignity and strength.

In class politics, Richard Ciechanowski became class president; Vice-president, Frank Kopczyk; Secretary, James Witecha; Treasurer, Frank Galovich; Sgt.-at-Arms, Richard Ichniowski.

The football team gave us the most successful season our school has ever known, a 5-3 record.

A new modern equipped bus was presented to the school by the P.T.A.

And look at our new student handbook—a guide to Holy Trinity High School. . . .

1954-1955

At last we have reached the climax of our four years at Holy Trinity, having attained the long awaited privilege of being a senior. And now this realization seems difficult to accept. Throughout the past four years we have sought a higher intellectual, physical, and spiritual development. Most of us have achieved these objectives, recognizing the essential part they will play throught our lives.

Class officers were: President, Richard Ciechanowski; Vice-president, Frank Kopczyk; Secretary, Frank Galovich; Treasurer, Daniel Sniegowski; Sgt.-at-Arms, Joseph Gliwa.

Under the skilled coaching of Mr. McAlpin the team, with Gliwa and Ciechanowski as Co-captains, showed that old Tiger fight and spirit. The team went on to beat St. Patrick 39-0 and Gordon Tech 27-7. Mr. Wierzbicki, the new head basketball coach, also gave us an exceptional basketball season. The Juniors proved to be a threat to all the teams in the league.

A new dance band was organized by Brother Leonard.

Brother Charles became the assistant principal.

We Seniors, standing at the threshold of a new life, leave Holy Trinity to continue a life of more learning and still greater development, a future which will reflect the Christian ideals and principles set forth for us by our Alma Mater. . . .

Spring of 1955 — Norbert Radek, Albert Krupa, and Andrew Kasprowicz seriously think over their plans for the future.

Juniors . . . Class of 1956

This year the Juniors have achieved the distinction of being upper-classmen. They have become a firmer group through mutual participation in class and social activities and have found for themselves most of what they have been searching for in high school. Several Juniors, displaying their skill on the football field and basketball court, will prove valuable aids for next year's teams. As the Juniors look forward to the interesting life of a senior, they seem to become more serious and steadfast in their ideals.

Sophomores . . . Class of 1957

Everything that helps to make a sound individual corresponds with the sophomore year. As time went on, it took its toll on these individuals; their mature characteristics began to become coherent. They began to see that a full education did not lie solely in facts learned from a textbook, but also in the proper, unified development of body, mind, and soul. With a new and better outlook on life, new fields of knowledge are now open to these enthusiastic individuals.

Freshmen . . . Class of 1958

The past year marked the turning point in the lives of these first-year men. These eager Freshmen sought to find for themselves a higher intellectual development. Before long they were well acquainted with the friendly surroundings —taking part in all activities, sports, and clubs. They are eagerly awaiting their remaining years in high school, now that they can see that anything is possible through hard work and patience.

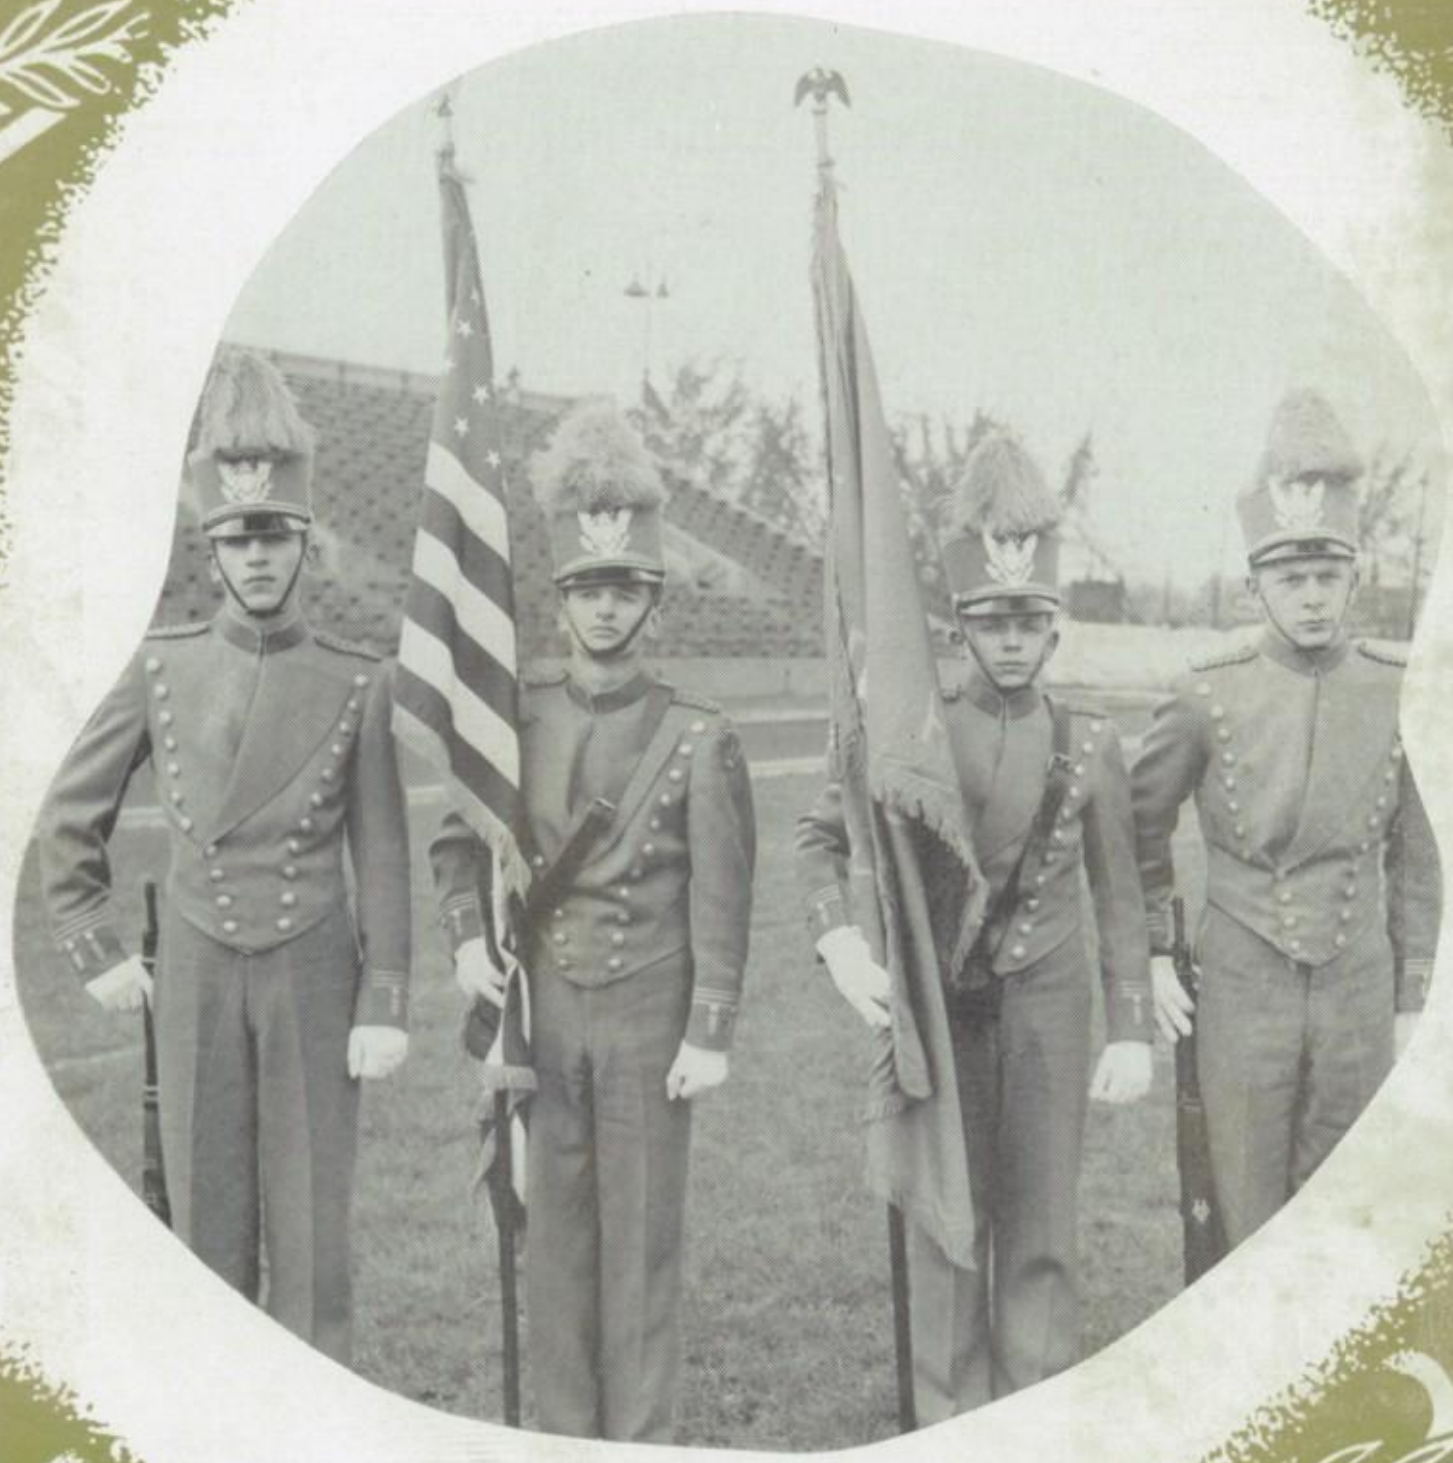
Activities

A good band is built on discipline. So are all school organizations whose purpose it is to perform or create. So is every person and everything of any value in the world. Discipline is order; with orderliness goes the attainment of things worthwhile. All school activities aim to produce as a product a leader with orderliness, dignity, seriousness of purpose, responsibility, and efficiency. This should ultimately lead to the strength of character that constitutes Christian leadership.



Religious Development . . .

The Key to a Peaceful World

As students we are made aware of the vital importance of religion, not solely in learning the principles of Catholicism from a textbook, but foremost through constant practice of those Christian ideals in order that we may form proper spiritual habits which must last a lifetime.

This continuous practice of our faith manifested itself throughout the year in various ways. In the traditional Catholic spirit, the official school year was opened by a High Mass attended by the students in order to invoke God's aid for the coming year. Each class was given the proper supernatural value through the opening prayer said at the beginning of each period. Each first Friday of the month the entire student body attended devotions where an inspiring talk was given by **Father George, C.S.C.,** to enlighten us on certain aspects of every day living. And then, each semester a few days were set aside for a retreat—a period of prayer and thoughtful evaluation of the eternal values. The upperclassmen had their retreat before the Easter vacation, while the underclassmen had theirs before the Christmas holidays. **Rev. Flavian F. Wilson** was the retreat master for both groups.

We will never be able to measure the value of the religious atmosphere prevailing throughout the educational program here at Holy Trinity. It was especially through this Christian spirit that we were able to obtain those keys to a happier life and a more peaceful world. It is now our task to use them in the life which lies ahead.

Student Council Develops Leadership

The Student Council is organized to promote the best interests of the school, to foster and promote mutual understanding and cooperation between the faculty and the student body, and to develop in its members and through them in the student body a vital appreciation of personal responsibilities to the school, the home, the Church, and society. The Council is composed of the president from each class, a representative from each homeroom, the editors of the newspaper and yearbook, and two outstanding members-at-large selected by the Principal and the Moderator.

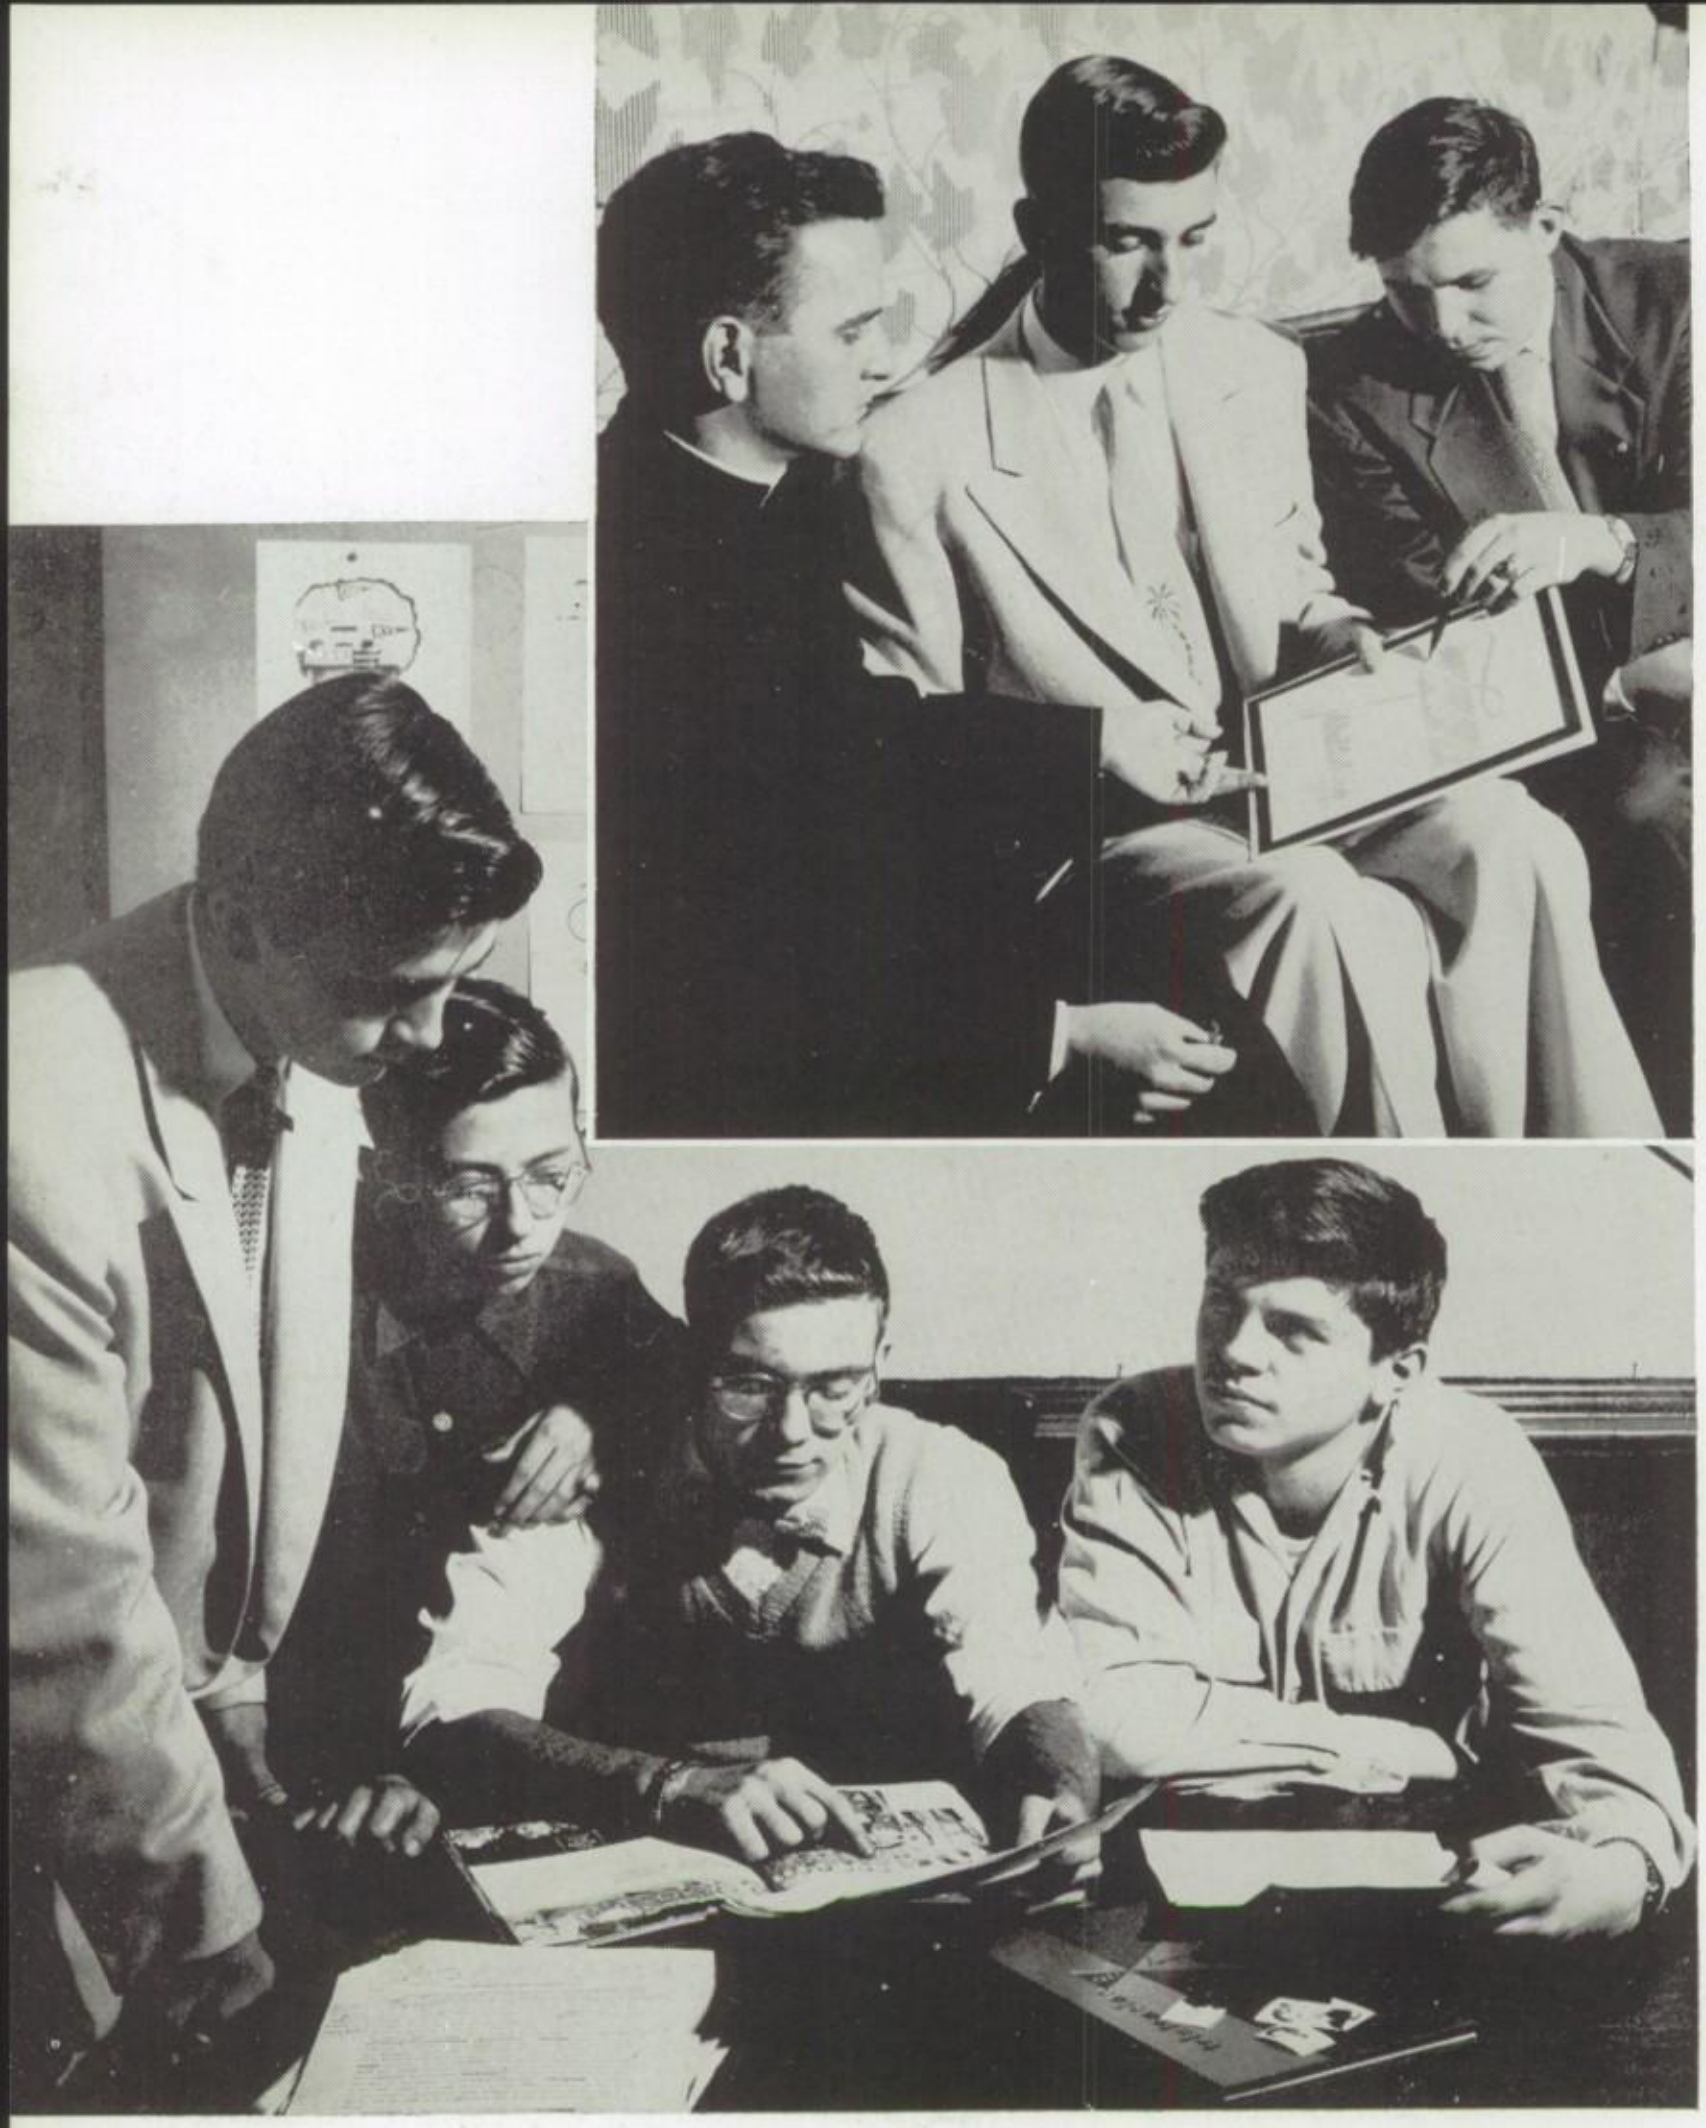
One of the projects undertaken during the past year was the successful drive for the March of Dimes.



Through Their Efforts . . .

Through the early stages of planning and organizing the content of the yearbook, the members of the staff in their enthusiasm have furthered their development. These days of preparation and layout of the material brought many adversities which tested their eagerness and challenged their endurance, readiness, and foresight—qualities so necessary for this type of journalism.

In the publication of the yearbook, the members of the staff have fulfilled an achievement of which only time will measure the true value.

To enumerate any one group of individuals responsible for the publication of the yearbook would be impossible, for the finished product manifests the combined efforts of many.

The entire staff wishes to extend a sincere "Thank You" to the students, the faculty, the parents, and everyone else without whom this book would never have materialized.

Newspaper Staff Adopts New Format

To foster closer harmony among the students, the Gold and Blue, under the capable supervision of Brother John, has earnestly endeavored to report accurately on school activities, sports, and social events in the past year.

The staff consisted entirely of Juniors and Seniors; many of whom were on the staff the previous year. The experience gained by these students has added fresh initiative toward better creative writing.

The newspaper this year has focused the attention of the student body on new books obtained by the library and has, also, emphasized the need for better writing among the students.

The entire staff hopes that it has upheld the reputation set forth in previous years for fine editing in accordance with the ideals of Catholic journalism.

Young Christian Students . . .

A Challenge to Youth

Standing as a challenge to the mind and will of youth, the Catholic Action organization was formed last fall under the competent supervision of **Brother Theophilus** and assisted by **Brother Leo.**

It is divided into four class groups; each holding a separate meeting every week with a selected chairman presiding over the session. The objective of this organization is to develop Christian leadership among its members and to promote better Christian ideals in them and through them to the entire student body.

Although it is a young organization, it has become quite popular and is in great demand. The principal purpose of the A.V. Club is to acquaint its members with the operations of the various visual-aid equipment.

The A.V. Club has had several opportunities when its members could make field trips in which their knowledge of audio-visual techniques was increased by actual contact with professionals.

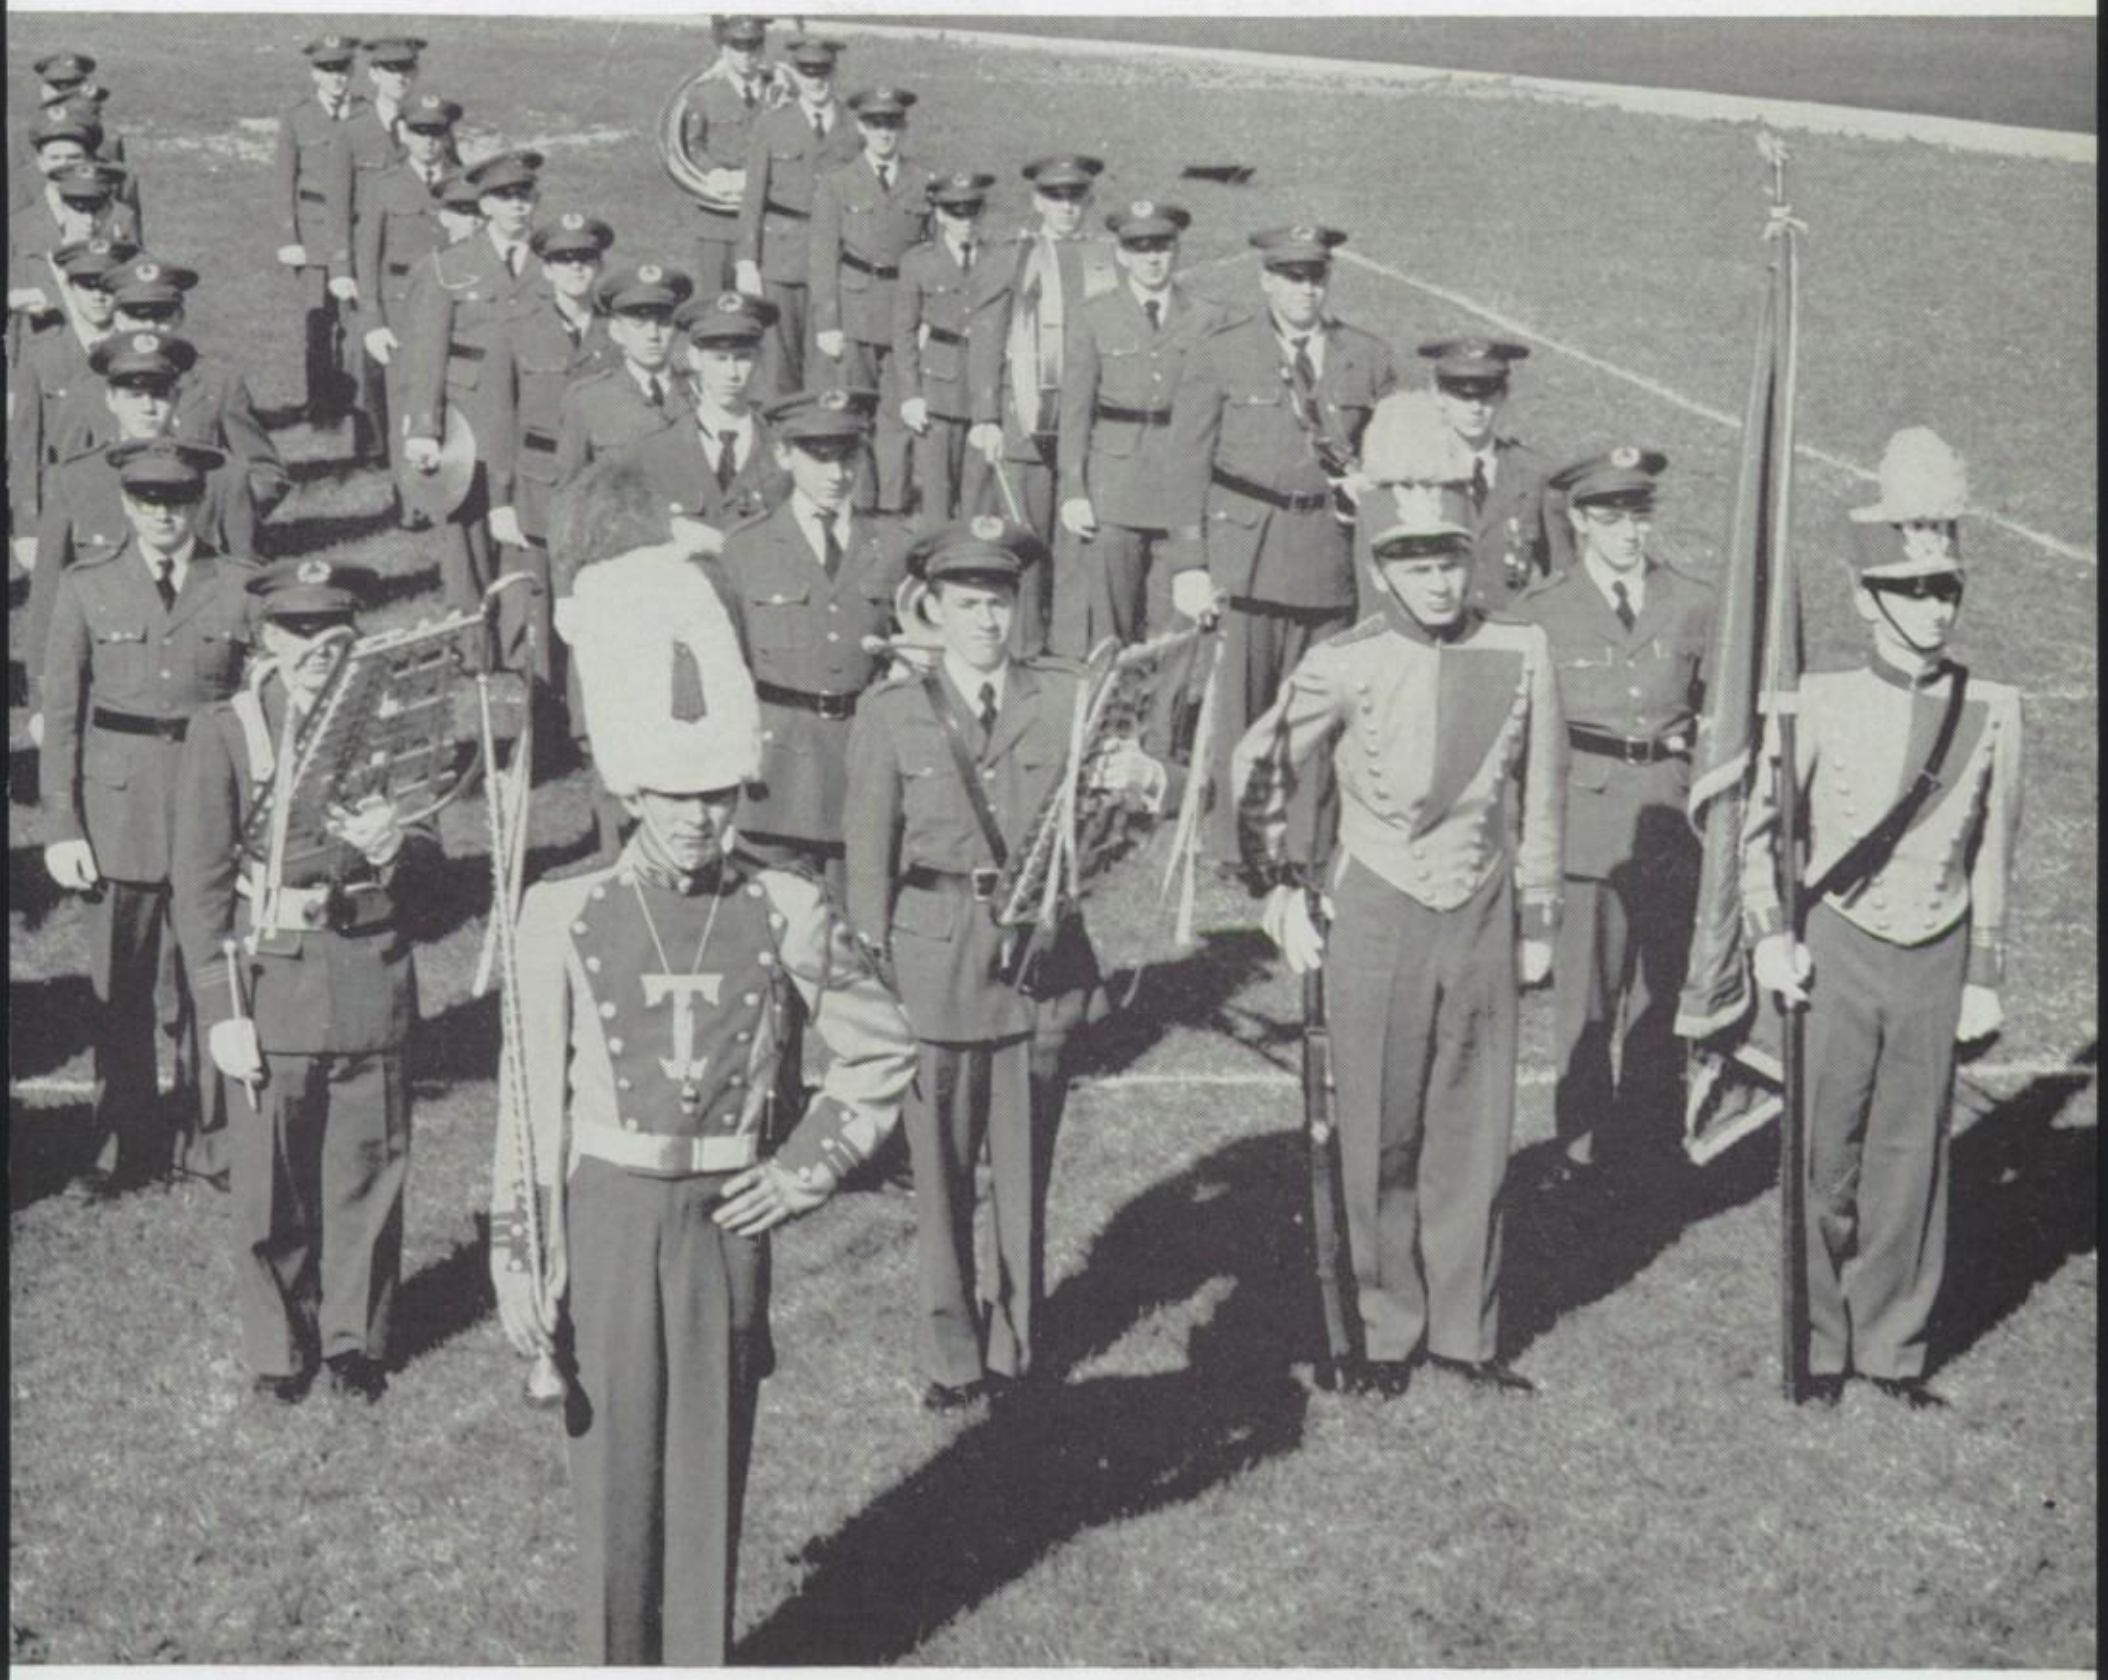
Accredited with Top Honors



Several weeks before classes commenced last September if one ventured near the school building, he would have witnessed the attractively uniformed band members under the direction of Brother Leonard ardently rehearsing for the grand opening of the school season. Their hard work and patience resulted in capturing for the third year in succession top honors in the Riverview Mardi Gras Parade of Bands Contest on September 10.

Following this event, rehearsals were resumed once again and were continued throughout the year for the many, scheduled activities on the agenda which have brought recognition and acclaim to the music department of our school.
As in the past the band went on to give enthusiastic support to the men on the gridiron and presented a most enjoyable show between the halves of our football games.

The most anticipated event of the season for all the band members was, of course, the annual March of Melody which brought down the curtain on the musical activities of this school year—a year filled with many successful achievements.

Band Helps Inspire School Spirit

Throughout the past year the Band has contributed a great share in building and sustaining school spirit among the student body. In the pep assemblies it has guided the students in a combined unified force in expressing their loyalty to the school as their voices vibrated in jubilant air to the words of the *Gold and Blue March*. Whether in the auditorium during pep rallies, on the football field in the midst of battle, or on stage presenting their annual concert, the Band could be counted on to give that initial drive toward a better school spirit resulting in unity and harmony.

The most anticipated event of the season for all the band members was, of course, the annual "March of Molody" which brought down the curtain on the musical activities of this school year—a year filled with many successful achievements.

Something new and promising was added to our musical department when *Brother Leonard* organized a dance band last fall. Although it is only a newly formed unit, it has already begun to play an important part in the extra-curricular activities of our school. It made a splendid debut before the Parent-Teachers Association and gave a marvelous showing in the mid-winter musical variety, "Everything's Gone."

The annual Band assembly at which time the awards are bestowed for efficient and faithful service during the year . . . .

Glee Club . . .

Regardless of the occasion or the musical atmosphere desired—from the sprightly spirit of "This Old House" to the more solemn air of "Give Me Your Tired, Your Poor"—we can be assured that the rendition given by our Glee Club will be a harmonious blending of voices which will set our feet to dancing and our hearts to singing.

Carrying on the tradition of the past, the Glee Club, a proficient organization in our musical department under the direction of Brother Leonard, displayed its talents throughout the year in various performances before the students, faculty, and parents.

This year, as in previous years, the group appeared before the Parent-Teacher Association to lend their voices in the yuletide spirit of joy. They helped to present the mid-winter musical variety show, "Everything's Gone" and assisted the band in the production of the annual spring concert held in May which provided a fitting climax to their very successful season of music and song.

On January the fifteenth and sixteenth the Music Department of our school, assisted by the girls from Holy Family Academy and under the direction of Brother Leonard, presented the sixth annual mid-winter musical production, "Everything's Gone."

The show was a smashing success and it can well be placed in the category along with the excellent musical productions of previous years. The entire company was spotlighted for a repeat performance at the Lakeside Veterans Hospital, and the warm response of the veterans was equally shared by everyone else who saw the show.

Typical Social Scenes

The social functions play an important part in the development of the student's personality and his ability to get along with others. As in the past the social functions in our school have certainly flourished this year with many exciting dances, two roller-skating parties held at Riverview Roller Rink, and of course, for the seniors, the crowning event of the year, the Senior Prom.

Here we depict typical scenes captured by our camera man at the Sweetheart Dance held in February.

Athletics

At the sound of the whistle and as the crowd rises when the band strikes up the first few chords of the National Anthem, we witness an event which has played a great part in developing a unified body among the students. On the field the player puts into action those qualities of character that contribute to successful and happy living. This working toward harmony in the classroom and on the field is a great contributing factor in helping the student to live in harmony with his fellow man and with himself in this complex world.

Varsity Football . . . In a Season Filled

Top: In the game with Weber, Marchewka receives the kick as Szczurek, Norys, T. Galovich, Jaslowski, and Ray close in to assist him.

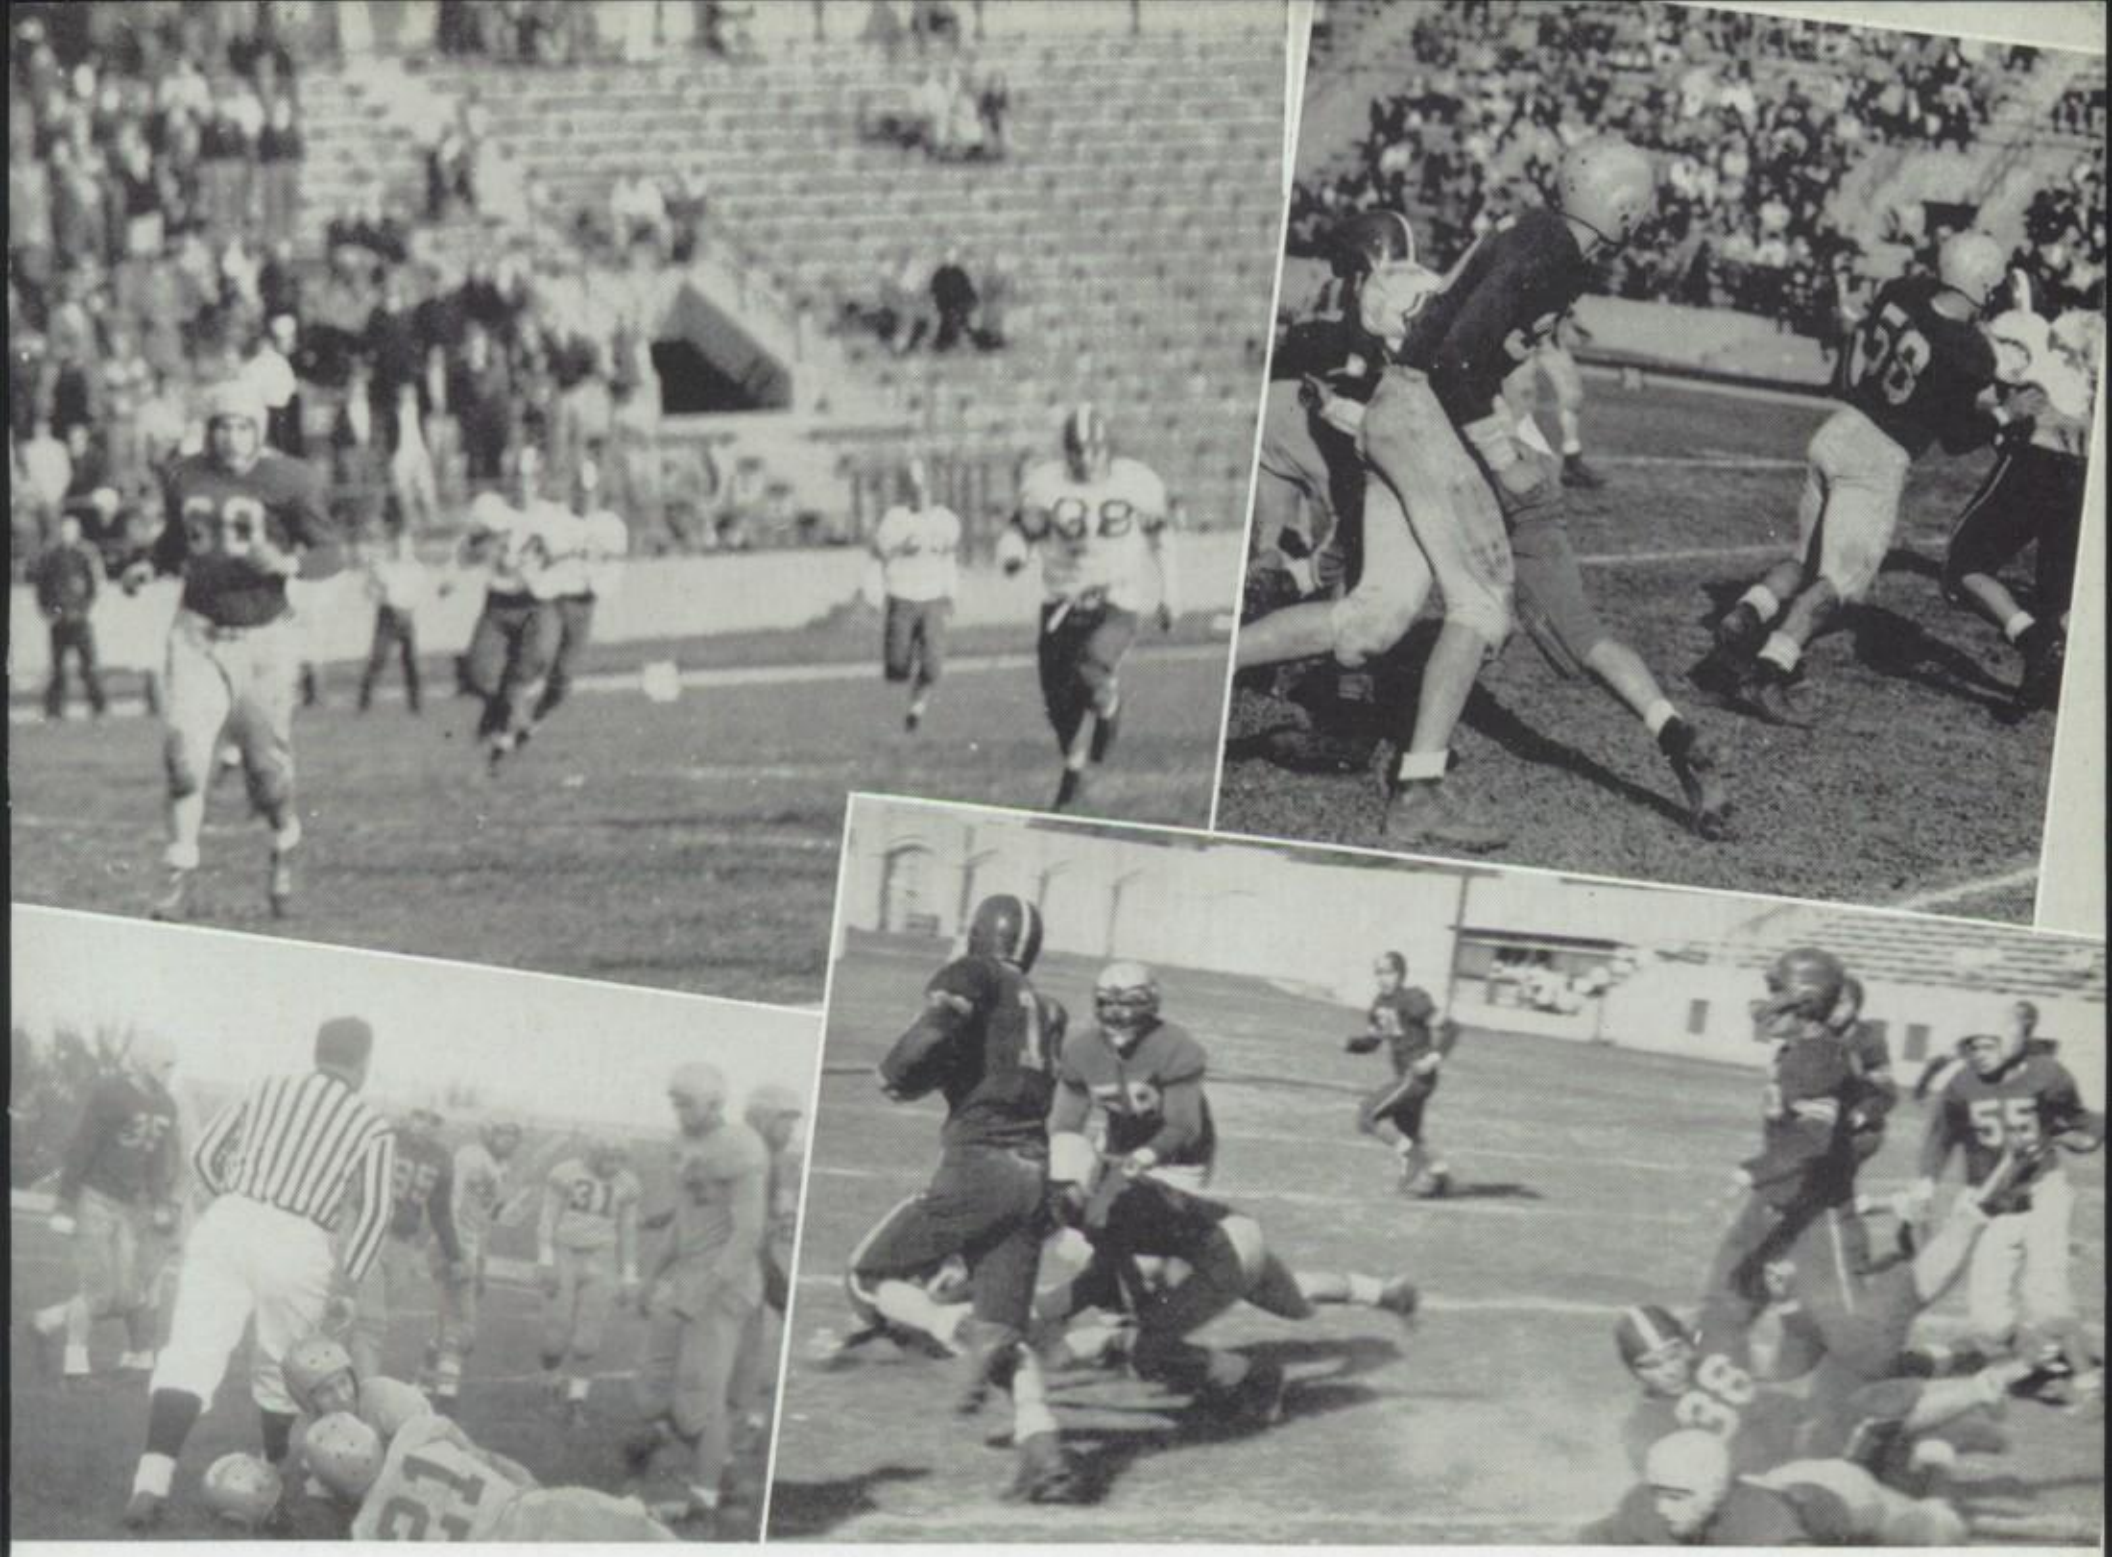
Bottom right: In the battle with St. Ignatius, F. Galovich and Jaslowski close in to make the tackle. Ozga and Marchewka are out of play.

The football season officially opened on September tenth, but Coach McAlpin and his capable assistant, Mr. Guinta, began to mold the team early in the spring months of '54. During those months of hard drilling in the fundamentals, Coach Guinta developed a sturdy line while Coach McAlpin added to the scoring punch of the backfield. Perseverance and hard work paid off later in the season.

Early in August the Tigers were again called to duty. Weeks before school opened, Humboldt Park was the site of the training camp. There the Tigers, led by their co-captains, Joe Gliwa and Rich Ciechanowski, spent most of those hot days locked in combat, battling against the heat and preparing for the strenuous schedule which lay ahead.



With Determination and Fighting Spirit

The tremendous amount of time spent on the practice field was not in vain, for when the opening of the first game came, Trinity sent to the gridiron a team that showed the spirit, the fight, and the determination that made our school proud of its fighting Tigers.

HIGHLIGHTS OF THE SEASON

Victory initiated the '54 season as Joe Gliwa, aided by the fine blocking of his team-mates, scored every point to beat De La Salle 21-13. The old football spirit was in the air as the Tigers met St. George for their first league game of the season at Winnamac Park. A lack of depth hampered the Tigers, and they bowed with a score of 33-6 to the Dragons who used their available man power to advantage. Set back by St. Ignatius 19-0, the Tigers went on to beat Gordon Tech 27-7 for their first league triumph.

Injuries played the leading role in this story from the very beginning of the season. Every Saturday morning half of the team could be seen using the whirlpool. The frequent visits to the team doctor each week, along with the miles of tape used before each game, gave some indication of the team's handicaps.

Meet Our Team at

The Tigers were at their peak of determination when the Weber Red Horde took the field early in October at Hanson Park. Although dominating play for three quarters, Trinity lost one of their greatest games of the season in the last quarter by a score of 7-6. It was in this game that we witnessed the spectacular catch by Joe Marchewka.

Repeating their Weber performance with St. Philip, the Tigers lost to St. Philip by the same score.

Scoring twice in the game, Paul Szczurek helped to bring defeat to St. Patrick by a score of 39-0. In the first period Trinity gave St. Pat a one-two T.D. punch from which they never recovered. The Tigers continued scoring at least twice in every quarter except the second. Joe Gliwa scored three touchdowns and Laskowski scored once.

The game with De Paul was a toss to the end and ended with a tie at 13-13.

The season ended with St. Mel as eleven seniors said their farewell to the gridiron. The fine kicking of Stanley Ray and smashng line play of the two Galovich's were not enough to put out the fire. The final score read 26-18.

So there you have it—a season of victory inspite of defeats. For a number of seniors it was the culmination of service to football which began four years ago. For the other members of the team, it was a stepping stone to a better record next year.

The primary purpose of the freshman team is to instill into its players the knowledge of the fundamentals of football for their future service on the varsity team. They ended their season with two wins and one loss. With Frank Rummel as captain, assisted by George Medrick and Gregory Lopatka and the team, the freshmen gave us this record. They defeated St. Mel by a score of 32-6 and went ahead and beat St. Ignatius 25-6 and lost to Gordon Tech by a score of 26-6.

Under the coaching of Mr. Wierzbicki, they learned the fundamentals of football along with clean sportsmanship. The varsity will be looking for their service in the coming years.

Our congratulations go to the coaches and to the teams for a job well done. We express a special note of congratulations to Joe "Herman" Gliwa who was selected for the all-city, all-state, and all-American prep teams in due recognition for his outstanding season in football. Our school can be justly proud of this great achievement.

Standing: Coach Wierzbicki, Baker, Krupa, Ozga, Sniegowski, Blaszynski, Opiela, Marchewka, Szalczynski, Budzik, Porlier, Reilly, Bieszczad, Medrick.

Ozga is up for the rebound in one of the pre-league games with St. Michaels as Bieszczad lends his assistance.

Since Mr. Wierzbicki assumed the responsibilities as head basketball coach last year, there has been a notable improvement in our basketball teams. He stressed that a successful season could be had if the entire student body would support the team to victory. On the whole, it has been a victorious season and the players have learned a valuable lesson in team work while facing strong competition.

Handicapped by a lack of the necessary height, our Senior Basketball team started the first round with losses to St. George and St. Ignatius, 45-40 and 71-58, respectively.

Junior Squad . . . A League Threat

Kneeling (left to right): Grygiel, Recchia, Porlier, Musolff, Kriesse, Pawlowski.

Standing: Cinal, manager, Kukula, Lakomecki, D. Balicki, Rogalski, Zych, Kasprowicz, Pagano, Jatowtt, Topczewski, R. Balicki, Gralla, Michalski, manager.

Although our Junior Basketball team lost a few men through graduation last year, they followed through the season with flying colors for a commendable record of winning four out of the seven games in the practice round and five out of the eight games in the first round of the league play. They were the only team to beat St. Patrick, the north-side leader. Don Balicki was the highest scorer and Len Pawlowski was the key man in the Tiger line-up with his fine ball handling.

With all eyes on the official, Gralla keeps possession of the ball.

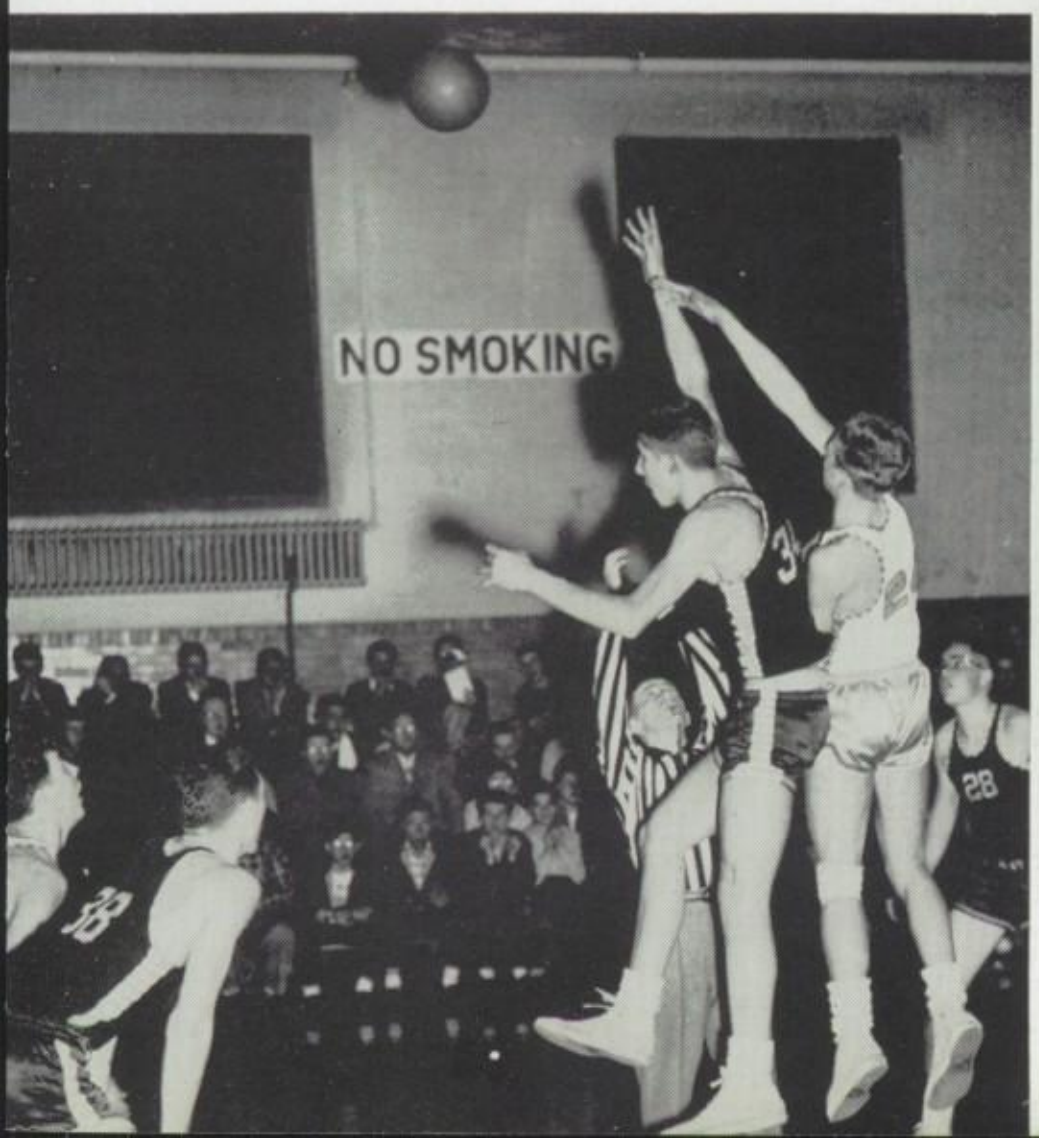
Senior Tigers Display Skill On Court

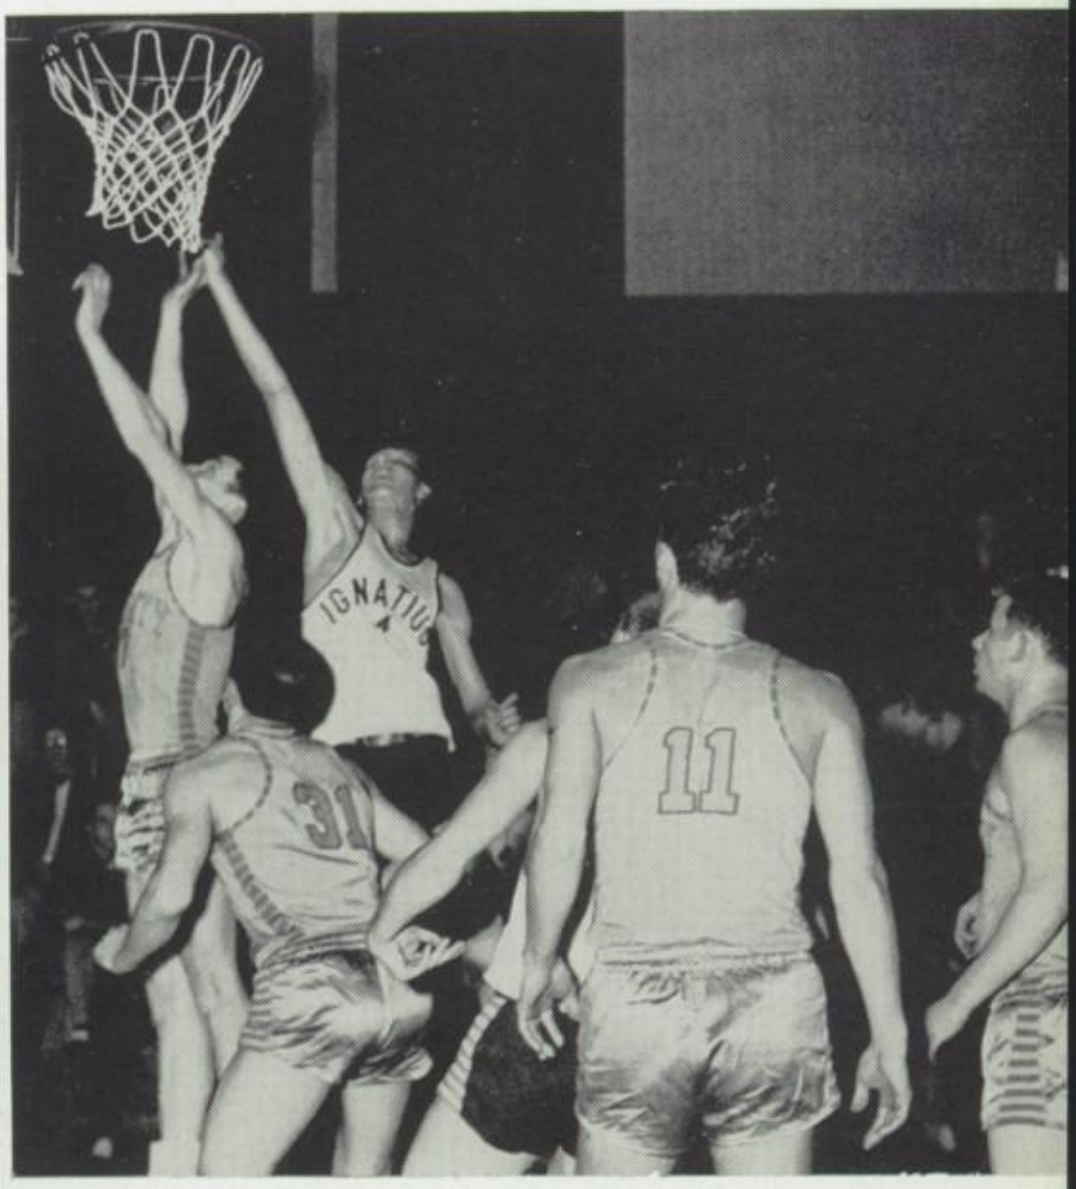
The fighting spirit of the Seniors did not die in spite of the fact that they maintained a one to seven record by the end of the first round, gaining a victory over Gordon Tech by a score of 62-45. Leading the team to victory over Gordon Tech was Tom Budzik who brought in a total of 25 points and averaged about 19 points a game throughout the entire season.

The Senior team broke a record by scoring 84 points in the St. Philip game, and although they lost by a score of 92-84, they showed a great enduring spirit by scoring 75 points in the last three quarters of the game.

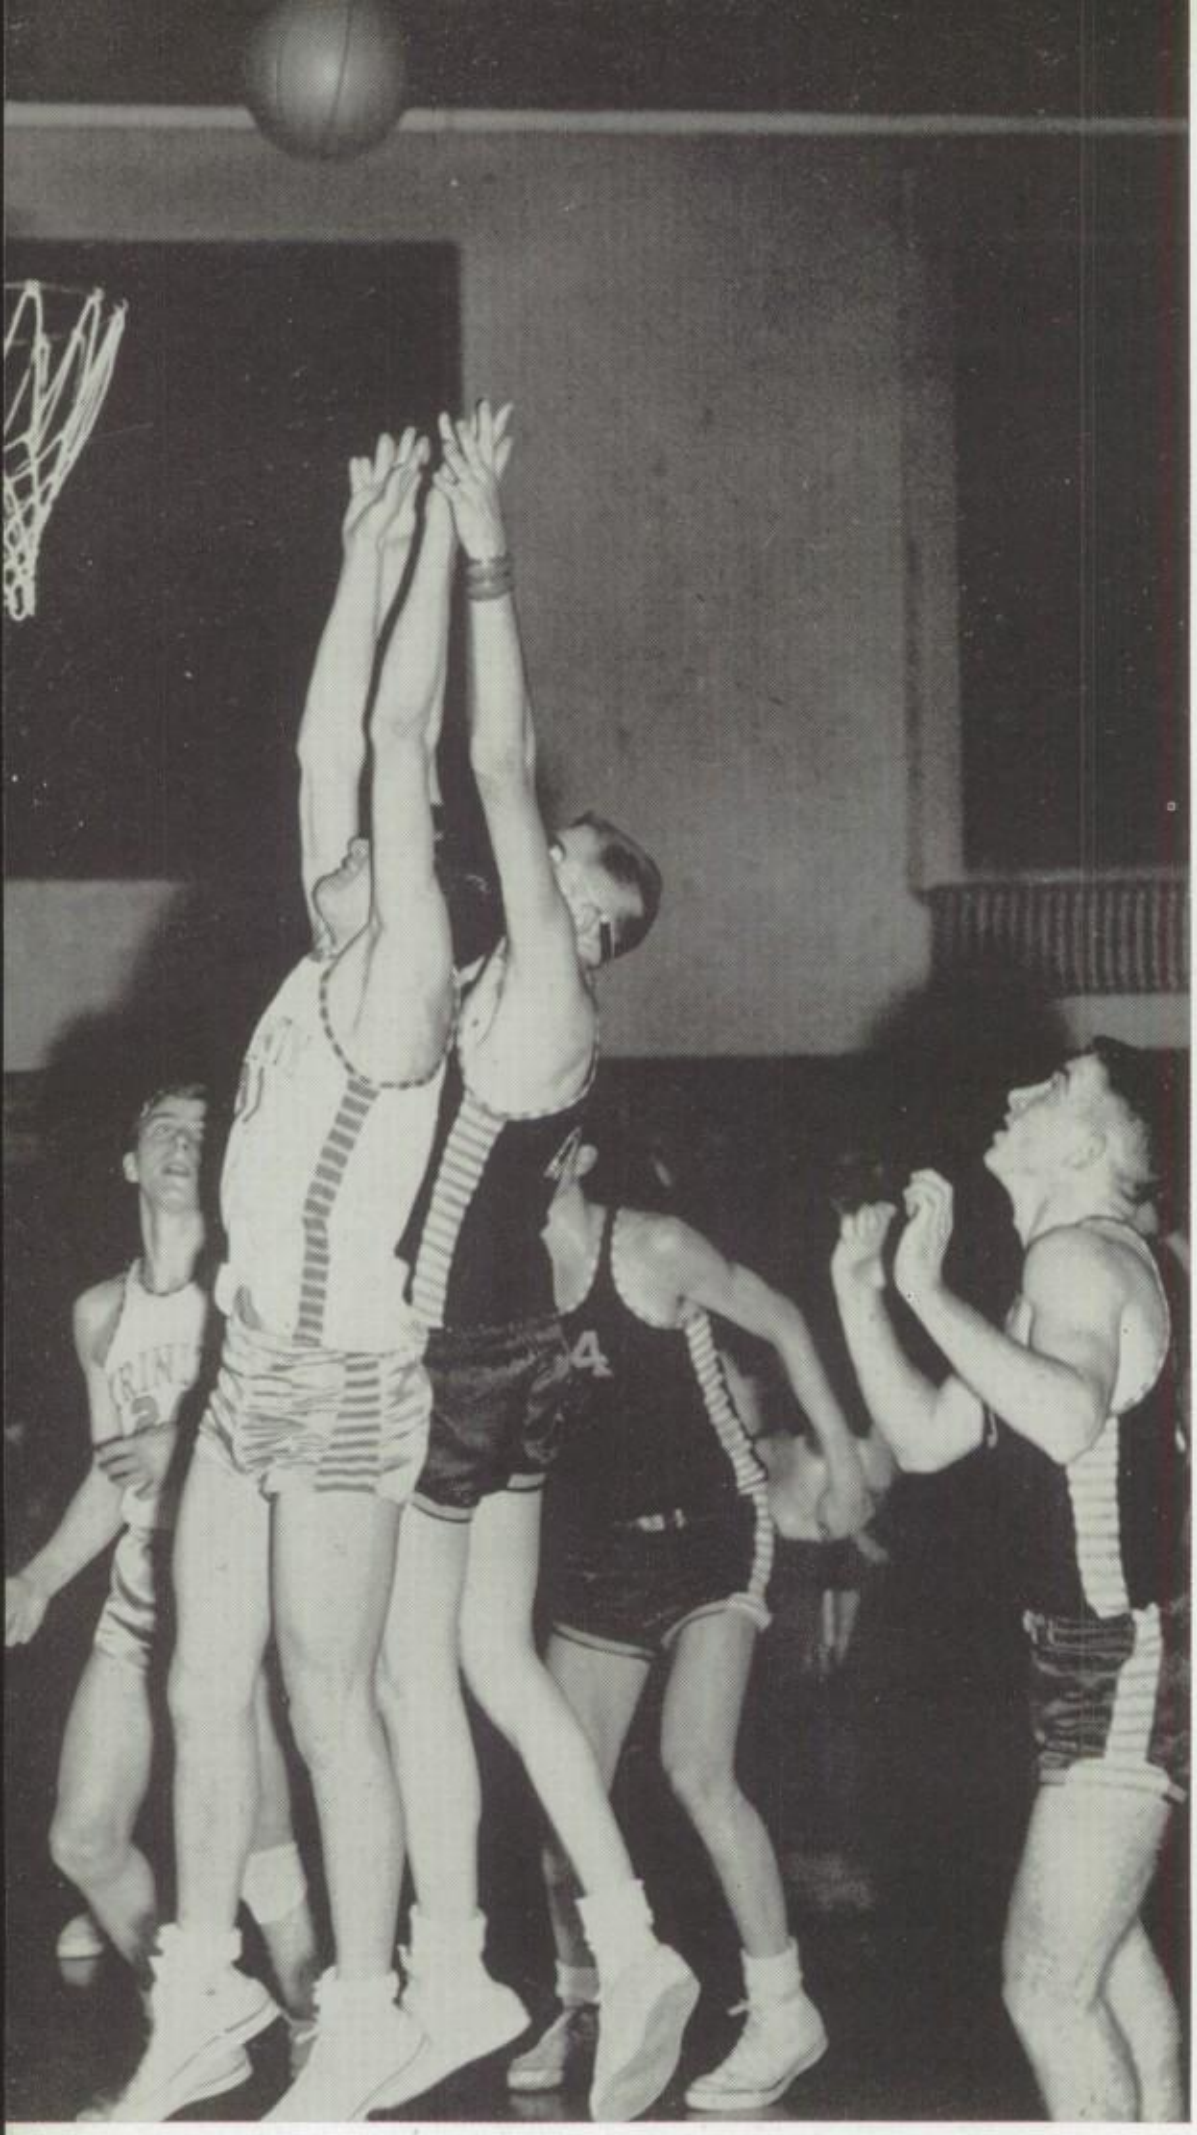
In the game with the Weber Red Horde, Opiela gets the rebound. Tigers lose game to the Indians, 53-50.

Opiela tips ball toward Budzik in St. Mel game.





Szalczynski goes up for the ball with Ignatius player as Budzik, Bieszczald and Ozga wait for their opportunity.



Marchewka stretches for the ball as Opiela watches closely in the St. Mel game.

Fans Witness Fight for Victory

The starting lineup for the Seniors consisted of Forwards: Dick Ozga and Tom Budzik; Center: Joe Marchewka; Guards: Rich Bieszczad and Michael Szalczynski; and reserves: Albert Opiela and Tom Reilly.

The Seniors began the second round very appropriately with a winning score of 54-52 over St. George in a very close battle. Gazda was the high scorer with 14 points. Richard Ozga and Tom Budzik came in second and third with 9 and 8 points respectively. They lost against St. Ignatius, but they struck another blow against Gordon Tech for the second time by a score of 68-56.

Juniors Continue Winning Streak

The starting lineup for the Juniors consisted of Kasprowicz, Recchia, Gralla, Balicki, and Pawlowski. These five had the privilege of being nominated for the all-city honors.

Once again the game with Weber proved an exciting one to all the fans. Recchia came through in the last few seconds of the game to score two points. The whistle blew and the Tigers brought home another victory with a score of 48-46. St. Patrick received their first defeat of the season when the Juniors met them on the court. Recchia again came through in the last few seconds in the game with St. Mel and won the game, 56-54.

Recchia determines to score a basket against St. Mel, and does. Tigers won 56-54.

Season's Record . . . Part of the Story

As Pagano jumps for the ball, Recchia awaits the tip in the game with St. Mel.

Throughout the season the Juniors provided the fans with many exciting and breath-taking moments. The scores alone will not tell the complete story as to their expert handling of the ball, their harmonious working together as a team, and their will to win throughout every second of the game.

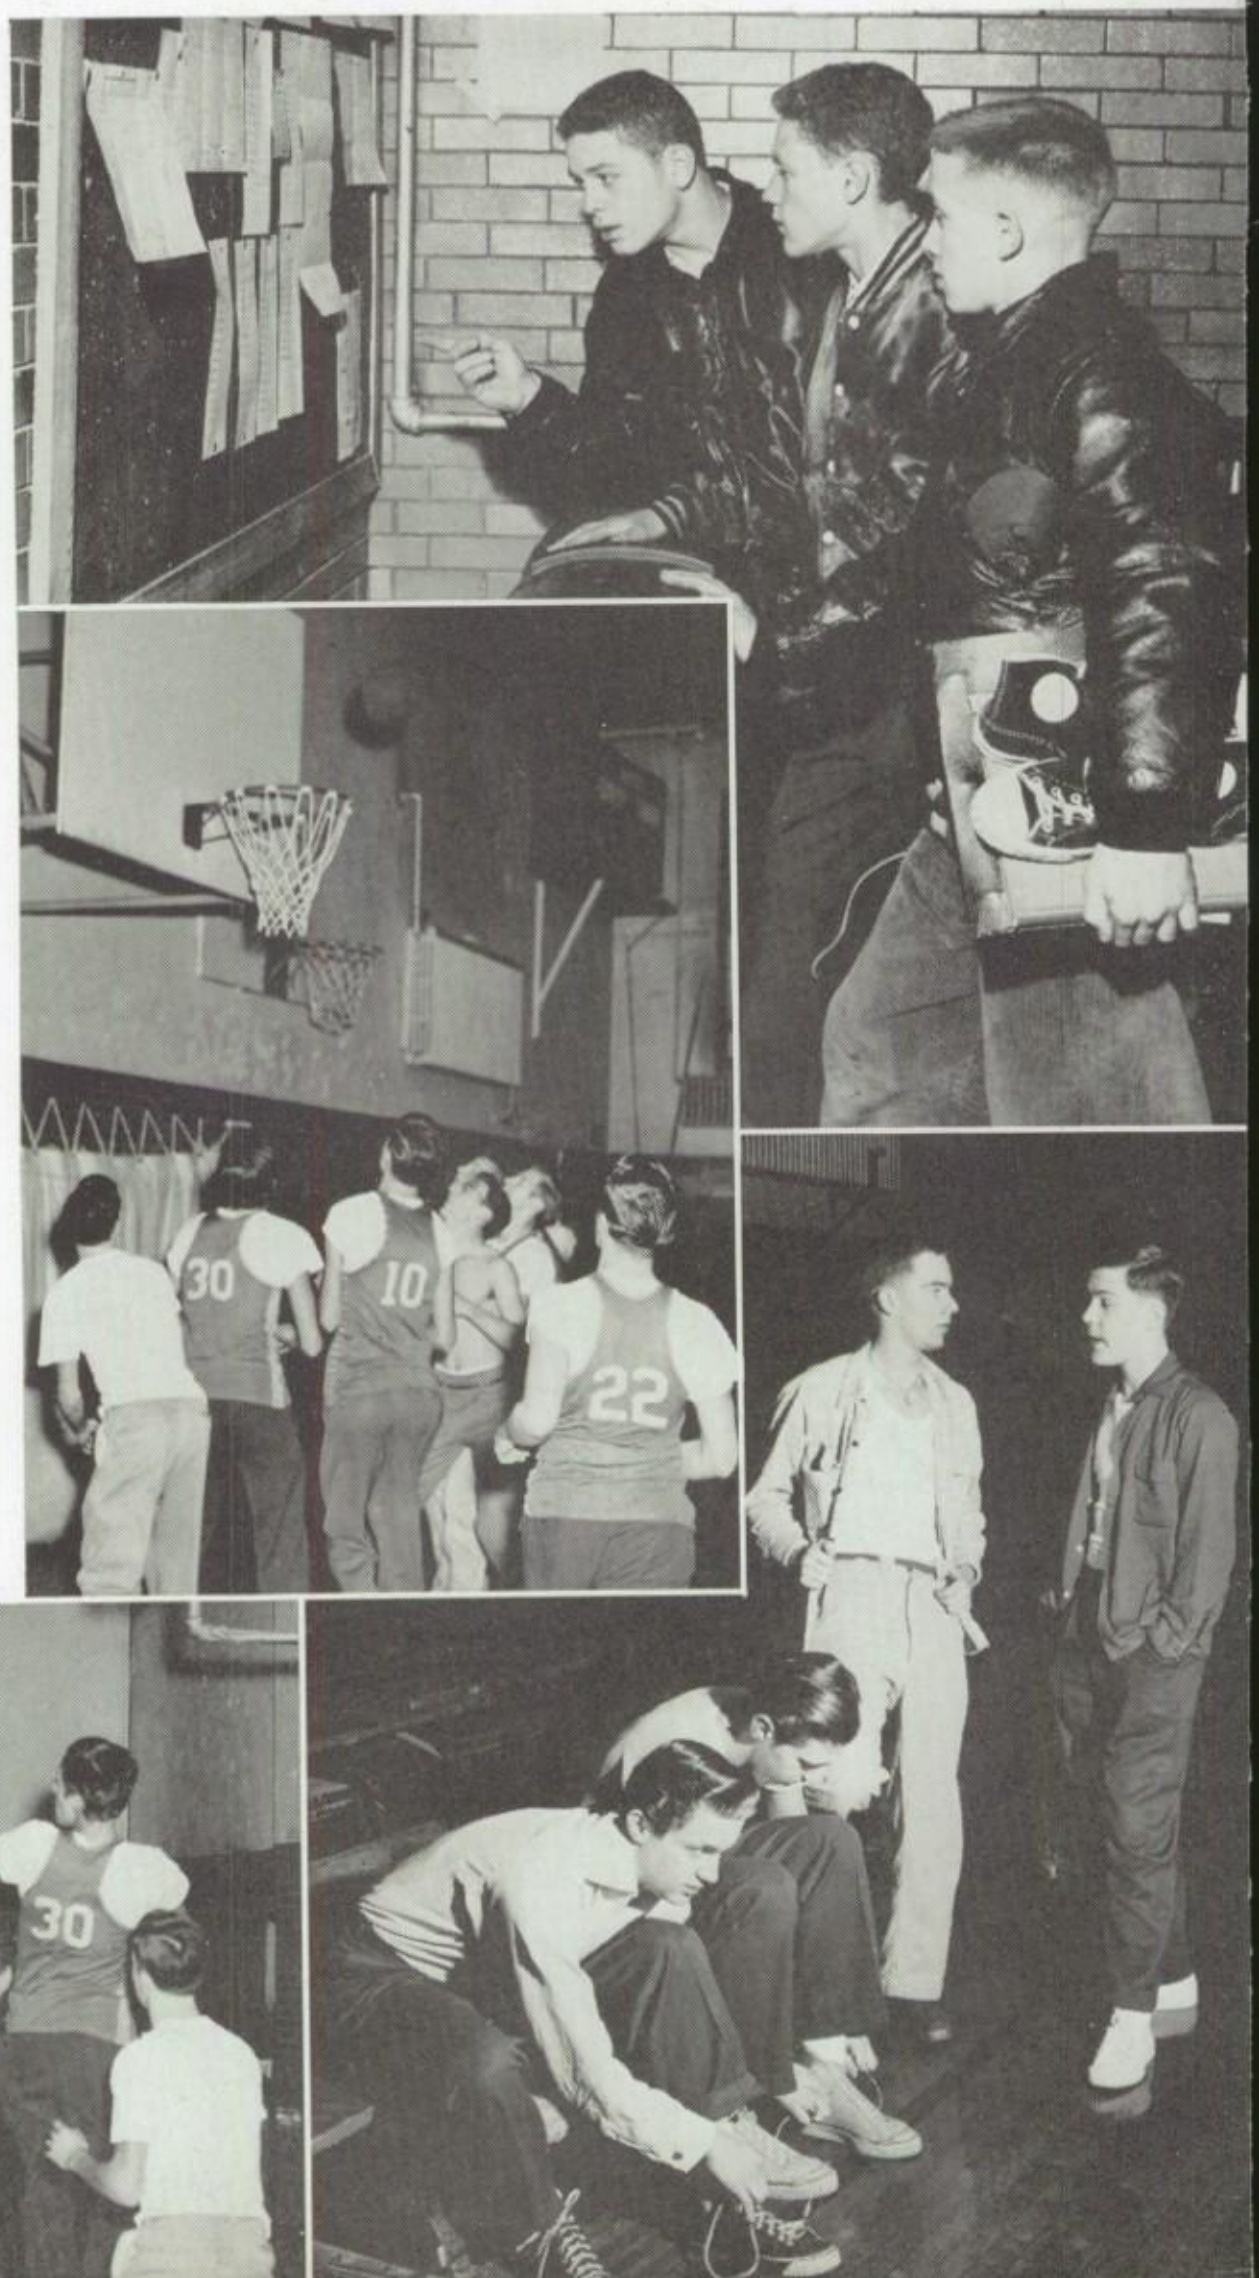
Intramurals... Tangible Aid to Development

For those students who do not participate in the major sports of the school, our intramural program provides for competition in basketball and volleyball between homerooms. In this way every student may gain an understanding and appreciation for one of these sports and thus add a tangible aid to his years of development.

Just to witness the enthusiasm and determination of those students in intramurals working together as a team to out-play the other team is evidence enough to warrant such a program in our curriculum.



Top: G. Owcarz, J. Palacz, and J. Furgal look forward in anticipation of their forthcoming game.

Center: Everyone is in on the play. By the way, where's the ball?

Bottom left: Junior Homeroom 106 vs. Senior Homeroom 311. Kowalski and Kopier jump for the ball.

Major Monograms . . . Symbols of Service

Monograms are awarded annually to those students who have shown outstanding achievement in certain school activities by manifesting the initiative and ambition of a student who is a credit to our school.

To these students who have so ably shown this Trinity spirit, we express our gratitude in this token of recognition.

Back row: N. Havelka, C. Laskowski, F. Galovich, A. Opiela, T. Galovich, F. Kopczyk, J. Gliwa.

Parent - Teacher Association

OFFICERS

President.....Mr. Edwin Luczak
Vice-President.....Mr. Aloysius Swoboda
Secretary.....Mrs. Walter Hugar
Treasurer.....Mr. Eugene Goljan
Social Chairman.....Mrs. Martha Davis

The Parent-Teacher Association aims to bring the home and the school into closer contact, so that parents may better understand the ideals and the problems of the school, and that teachers may benefit from learning the needs of individual students.

Meetings were held each month during the past year at which time the parents were able to contact the teachers concerning progress of their sons. Various forms of entertainment were scheduled which resulted in many enjoyable evenings during the year.

The Father and Son Banquet held on Palm Sunday in the school cafeteria was sponsored by the P.T.A.
